Please write below names and addresses of a few of your friends who are interested in and buyers of Trees, Shrubs, Roses, etc.

INFORMATION FOR CUSTOMERS

This Catalogue is Our Only Salesman We Employ no Agents

In presenting this 47th edition of our catalog we extend thanks for your past patronage and assure you, and all customers, of prompt and careful attention to all inquiries and orders with which you may favor us.

RELIABILITY. For forty-seven years we have devoted our time to the growing of high grade nursery stock and have striven toward building up a business that would enable us to list ourselves among the foremost nurserymen in the country. As to our reliability we are pleased to refer you to Dun's or Bradstreet's or any bank or business house in Rochester.

HOW TO ORDER. In making out your order be particular to specify just what is wanted. Your name, post office and shipping point should be written plainly to avoid mistakes. If you are in doubt as to whether your stock should go forward by express or freight, you may leave it to us and we will use our best judgment. Small packages can be forwarded by Parcel Post. Postage is required on orders to be sent by Parcel Post. Strawberries should be sent either by express or mail—not by freight. **SEND PAYMENT WITH ORDER.** All orders are acknowledged immediately upon receipt.

PACKING. OUR PACKING CELLAR, covering over one acre of ground, and in which the sun or the wind cannot dry up the roots of stock, is where all our orders are packed. Care is given to the packing of each order, which enables us to get your stock to you in fresh condition.

Small orders are carefully tied up, the tops in flag to keep the trees from bruises and the roots in damp moss wrapped over with burlap to retain the moisture. Large orders are packed in paper lined boxes. We use wet moss for the roots and straw for the tops. The paper lining keeps the air and frost out and the moisture in.

SHIPPING. We do not charge for packing, boxing or delivering to freight offices or express companies. We do not prepay charges, unless goods are to be delivered to a prepaid station, as all our prices and quotations are **FREE ON BOARD CARS AT OUR NURSERIES.** If there is no agent at your station, and shipment has to be prepaid, notify us and we will prepay charges and bill you for same after shipment is made.

SHIPPING SEASONS. The spring shipping season usually commences here about March 1st, and continues until about May 1st. Of course, the time of shipping your stock depends on your location. We commence making southern shipments about January 1st. Our fall season commences about October 1st, and we continue to make shipments until the ground freezes. We advise spring planting for berry plants and peach trees.

TERMS. Cash with order. Your order may be accompanied with your check, a post-office or express money order, draft or cash. If you send cash we would advise you to send same by registered mail. We will ship trees and plants C. O. D. providing 25 per cent. of the total of your order is sent in cash.

LIABILITY

We are not liable for injury to stock from frost, hail, fire or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, we are not liable for delays in transit. Our responsibility ends upon delivery in good order to railway company. Remedy for loss must lie between the buyer and the railway company, but we will render all aid we can and we do this gladly. It is to our interest, and we have always found the railroad companies ready to settle claims if just. Any other claims must be made immediately after receipt of stock.

NO. 18

State of New York

Department of Farms and Markets
Berne A. Pyrke, Commissioner

Certificate of Inspection of Nursery Stock

THIS IS TO CERTIFY that the nursery stock of Allen L. Wood, of Rochester, County of Monroe, State of New York, was duly examined in compliance with the provisions of Article 14 of the Farms and Markets Law, and was found to be apparently free from any contagious or infectious disease or diseases, or the San Jose scale or other dangerously injurious insect pest or pests. This certificate expires September 1, 1923.

Dated, Albany, N. Y., September 1, 1922.

BERNE A. PYRKE, Commissioner.

By GEO. G. ATWOOD,
Director, Bureau of Plant Industry.

WHAT TO DO WITH TREES WHEN THEY ARRIVE

If possible remove the trees from the box at once on arrival and heel them in securely in the garden. I mean by this give them a temporary planting in a trench, which prevents the roots or branches from dying. If they cannot be removed from the box at once and the packing material gives evidence of being at all dry, apply water to both ends of the box, where the roots are located, keeping the box meanwhile in as cool a place as possible. A cool cellar is a good place to keep the box of trees waiting for the day of planting.

Distance for Planting

Apples, Standard 30 to 40'	Grapes	8 by 10'
Apples, Dwarf... 8 to 10'	Currants	3 by 5'
Pears, Standard 18 to 20'	Gooseberries	3 by 5'
Pears, Dwarf.....10'	Raspberries, Red..	3 by 6'
Peaches	Raspberries, Black	3 by 6'
Nectarines and Apri-	Blackberries	5 by 7'
cots	Strawberries, rows	
Cherries, Sweet...18 to 20'	1 by 4'
Cherries, Sour...15 to 18'	Strawberries in	
Plums	beds	1½ by 1½'
Quinces	Asparagus, in	
Asparagus, in field 1 by 3'	beds	1 by 1½'

Trees and Plants to the Acre

2 feet each way...10,890	15 feet each way....194
3 feet each way... 4,840	18 feet each way....135
4 feet each way.... 2,723	20 feet each way....110
5 feet each way... 1,742	25 feet each way.... 70
6 feet each way... 1,210	30 feet each way.... 48
8 feet each way... 680	33 feet each way.... 40
10 feet each way... 430	40 feet each way.... 28
12 feet each way... 202	

To estimate the number of plants required for an acre, at any given distance, multiply the distance between the rows by the distance between the plants, which will give the number of square feet allotted to each plant, and divide the number of square feet in an acre (43,560) by this number, the quotient will be the number of plants required.

WHY TREES DIE—The majority of trees that fail to live, die from careless or improper planting. We feel sure that if you will carefully follow the instructions as given in our little book on planting and managing nursery stock, which we send the same day as orders are shipped, your trees will grow and prove a source of pleasure and profit. Nothing flourishes with neglect. This is true with trees as well as everything else. Handle your trees carefully, plant them correctly and give them a little attention after planting, and you will be surprised at the ease with which very favorable results can be obtained.

Mulching—This is properly done by placing a layer of coarse manure, straw, marsh hay, leaves or loose chip dirt, from three to six inches deep on the surface about the tree, extending one or two feet further, in each direction, than the roots. This keeps the ground moist, of even temperature, and renders watering unnecessary. The sod which was removed in digging the hole can be used, but it should be moved occasionally to prevent it from beginning to grow again. Trees treated in this manner make a better growth and are more certain to live.

“Wood Quality”

FOR THOSE WHO WANT THE BEST—

We have made it our business for over forty-seven years to please the public and give them the very best we could produce in the way of plants, vines and trees. Fruit growers who have seen our big blocks of Apples, Peaches, Pears, Cherries, etc., say that they are the best in the country. Not only are they large, vigorous trees, full of vitality, but they are true to name, which is one of the most important things in connection with tree growing.

TRIMMING

It is surprising how many orchards you see planted out with the young trees left with the full amount of limbs on, just as they came from the nursery. Trimming should be done either immediately before or after planting. This is the most essential work next to planting, and the lack of severe trimming is why many do not succeed. Do not be afraid that you are going to trim your trees too severely. Peach trees require more severe trimming than anything else. By the accompanying drawing we endeavor to show how a young tree should be trimmed and planted. Trim the young tree the way you want it to grow. If a low headed tree is preferred, cut back the top leaving such limbs as you may want. In the drawing we have

shown the most popular way of trimming young trees. This generally gives a medium height tree very well formed. The cross lines marked “A” on the limbs show where the cut should be made. The two lower limbs are too low to be left on and should be cut off close to the trunk as marked by lines “A”. If more attention is given to the planting, trimming and care of nursery stock, the grower will have better results.

OHIO BEAUTY (*Actual Size*)

ONE OF THE FINEST APPLES IN THE WORLD

(See Back Cover)

Historical—In the fall of 1914 Mr. John M. Rutledge of Ohio was given two Apples as samples; at a glance he knew he had never seen any like them before. After eating the fruit and finding the flavor so delicious, he inquired from the party who gave them to him where they were grown. He learned that the apples were from a tree on his friend's farm, found in a corner of his garden some years ago. The tree which is hardy and a vigorous grower is believed to have grown from a seedling. It has yielded a good crop for the past eight years.

The apple is exceptionally large, uniform in size and shape. Skin is very smooth. Color yellow or greenish bluish striped with red. The flesh which is slightly tinged with yellow is crisp, tender, aromatic, juicy and subacid which make it an extra fine eating or cooking apple. Season, December until April.

The "Ohio Beauty" is one of the most handsome winter fruits grown. Its vigor, productiveness and the exceptionally high quality of the fruit, its great beauty and shipping qualities put it in a class by itself.

This wonderful apple was brought to our attention by Mr. Rutledge. We immediately began to propagate this variety by budding a number of trees from scions received from him.

"Ohio Beauty" Apples are sold under a special guarantee seal that is affixed to each tree or bundle of trees. We have the exclusive sale of the "Ohio Beauty" Apple.

WOOD'S RELIABLE APPLE TREES

CUSTOMERS who intend to plant out Apple Orchards, are advised to place their order early, as Apple trees are very scarce this season. Last spring we refused several hundred orders for varieties of which we were sold out. **FIRST COME, FIRST SERVED.**

PRICES OF TWO-YEAR OLD APPLE TREES

(Except otherwise noted)

	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$.85	\$7.50	\$65.00
4 to 5 ft. XX Grade	.75	7.00	50.00
3 to 4 ft. X Grade	.60	5.00	40.00

Mail size 50c each; 3 for \$1.25.

5 trees at 10 rate; 50 at 100 rate.

EXTRA LARGE SIZE TREES THREE AND FOUR YEARS OLD

\$1.00 each; \$9.00 per 10

SUMMER VARIETIES

Early Harvest—Medium size; pale yellow.
Red Astrachan—A very handsome summer variety, rather acid in flavor.
Sweet Bough—Fruit is large; pale yellow.

Yellow Transparent

Yellow Transparent—Earliest of all Apples. Pale yellow; mild, yet of sprightly flavor; good quality and of decided merit. Very early bearer; three year trees frequently produce fine fruit. Season July.

AUTUMN VARIETIES

Alexander—Very large and beautiful crimson; medium quality Very hardy.

Duchess of Oldenburg—Red striped; tender and juicy. The fruit brings a high price on the market.

Wealthy—Medium, roundish; skin mostly covered with dark red; flesh white. A variety of great value on account of its hardiness.

Price of Wealthy	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$1.00	\$8.50	\$75.00
4 to 5 ft. XX Grade	.85	7.50	60.00
3 to 4 ft. X Grade	.65	5.00	40.00

WINTER VARIETIES

Delicious

Delicious—A remarkable variety rapidly taking first rank both for commercial and home orchards. No new variety has ever so quickly gained popularity in so many different apple sections of our country. Fruit large, nearly covered with brilliant dark red, flesh finely grained, crisp and melting, juicy with a delightful aroma; of very highest quality. A splendid keeper and shipper.

Baldwin—The Baldwin is the leading commercial variety in the orchards of New York, Pennsylvania and Ohio. It is the standard fruit in the American markets and is one of the leading Apples used in cold storage for the export trade. It is a large red, winter Apple and is very desirable on account of its size, color and quality. Fruit keeps in common storage until April.

Price of Baldwin	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$1.00	\$8.50	\$75.00
4 to 5 ft. XX Grade	.85	7.50	60.00
3 to 4 ft. X Grade	.65	5.00	40.00

One year old Baldwin, 3 to 5 ft. Extra strong, \$6.50 per 10; \$50.00 per 100.

Ben Davis—A commercial sort. A very early bearer and one of the best keeping Apples on the market today. Deep red in color.

Black Ben Davis—Brilliant red. Early bearer. As good a keeper as Ben Davis. Resembles Gano very closely.

Grimes Golden—Beautiful, rich, golden yellow Apple with flesh that is tender, juicy and fine. Early, an annual and good cropper; a vigorous and hardy grower.

FRUIT GROWERS

If you are going to plant out Apples this season, do not fail to get some Ohio Beauty trees. They will make more money for you than any other varieties, as they commence to bear early and are very productive.

Mammoth Black Twig—A late keeping winter Apple rather large and of good red color and quality. Flesh is firm, rather tender and fine grained, juicy and crisp.

Jonathan—Medium size; red and yellow; tender, juicy, and rich; very productive. One of the best varieties either for table or market.

Northern Spy—The fruit is large and attractive, being of a bright red color. Flesh is very juicy, crisp and tender. This variety ranks about third in commercial importance with the fruit growers of New York, Pennsylvania and Ohio, being surpassed by Baldwin and Rhode Island Greening.

Price of Northern Spy	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$1.00	\$8.50	\$75.00
4 to 5 ft. XX Grade	.85	7.50	60.00

McIntosh Red

McIntosh Red—A very attractive Apple of a deep red color and of good uniform size. The flesh is white, firm, crisp and tender. Its season is from October until May. The tree is a vigorous, strong grower and will bear from about four to five years from planting. McIntosh brings a good price on the market and makes a profitable investment for the fruit grower

Price of McIntosh	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$1.00	\$8.50	\$75.00
4 to 5 ft. XX Grade	.85	7.50	60.00

One year old McIntosh, 3 to 5 ft. Extra strong, \$6.50 per 10; \$50.00 per 100.

Winter Banana

Winter Banana—Fruit large, clear pale yellow with beautiful contrasting pinkish-red blush. Flesh is yellowish-white, tender, mild and sub-acid; flavored like a banana. Excels as a dessert Apple. Tree comes into bearing at an early age and bears annually. The fruit sells for the highest price on the market when packed for fancy trade.

Woodlawn Golden Pippin

Woodlawn Golden Pippin—Is one of the very best varieties. The Apple is golden yellow with a delicious flavor. The flesh is firm, crisp and juicy. It is the best Apple for baking that can be grown. The tree bears at an early age—one of the best keepers, and one of the last Apples on the market in the spring. It should be in every garden.

Woodlawn Golden Pippin	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$1.00	\$8.50	\$75.00
4 to 5 ft. XX Grade	.85	7.50	60.00

WOODLAWN NURSERIES

Pewaukee—Medium sized, round, bright yellow Apple striped with red. It is juicy and sub-acid. Tree is a strong grower, hardy, valuable north and south.

North Western Greening—A very hardy and vigorous variety. Tree is a strong grower and a very productive and reliable cropper. Fruit is large, greenish yellow, juicy and sub-acid.

Rhode Island Greening—Is of the highest quality and ranks next in popularity to the Baldwin.

Price of R. I. Greening	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$1.00	\$8.50	\$75.00
4 to 5 ft. XX Grade	.85	7.50	60.00

Rome Beauty—A large, smooth, uniform sized Apple beautifully shaded and striped with red. It is an annual bearer and coming into great prominence in all parts of the country. Its fine quality and handsome appearance make Rome Beauty bring the highest prices on all markets.

Tolman Sweet—Splendid sweet winter Apple. Yellow in color with a faint blush cheek.

Wagener

Wagener—A superior Apple. The color is a beautiful bright red with some contrasting pale yellow. It has fine texture, high flavor, and excellent quality. It is desirable for culinary use, but is especially esteemed for dessert. Wagener is a good grower, comes into bearing at an early age, and is a reliable cropper. It is planted a great deal as a filler for orchards.

Crab Apple Trees

Price of Crab Apple Trees
Same as Apple Trees

Winesap

Winesap—Medium to large; uniform in size and shape; red tinged with yellow. The flesh is crisp, juicy and tender.

York Imperial—It is one of the leading Apples in Pennsylvania and the middle Atlantic States and over a belt of country extending west into Missouri and Kansas.

We also have the following varieties of Apples:

Wolf River	King
Gilliflower	Rambo
Gravenstein	Spitzenberg
Janet	Sutton Beauty

Hyslop

Hyslop—Large, dark red, flesh yellow, sub-acid. Very productive and hardy. Excels for making fine jellies and preserves.

Transcendent—This fruit has for many years been one of the most popular of the Crab Apples. Large, yellow with rich crimson cheek. September.

STANDARD PEAR TREES

Very prolific bearer
Seckel—

Seckel—Our most highly flavored Pear, the

standard of excellence. Fruit small, yellowish brown, with a russet-red cheek; flesh very juicy, melting, aromatic, with a rich, spicy flavor; quality very best. September and October.

Clapp's Favorite—Very large size; pale lemon yellow color, with a bright crimson cheek. The flesh is finely grained, juicy, melting and buttery. Earlier than Bartlett. August and September.

Flemish Beauty—A pale yellow Pear almost covered with light russet, which becomes reddish-brown when ripe. The fruit is large, melting, sweet and rich. September and October.

Kieffer—A popular Pear with fruit growers. Large, rich yellow, tinged with red, somewhat russet; very handsome. Flesh is white, buttery and juicy. Very valuable for canning purposes. Kieffer bears fruit when other kinds fail. Tree is a vigorous grower, early and regular bearer. September to November.

Beurre Bosc—Very large, a beautiful russet colored Pear, with a very distinct shape, having a very long neck. Has a distinct buttery flavor. This Pear is conceded to be of very high quality. It is a good grower, but on account of being difficult to propagate in the nursery row is seldom offered for sale by nurserymen. No home fruit garden is complete without this variety. Our supply is limited. October.

Price of Beurre Bosc	Each	Ten	Hundred
5 to 6 ft. XXX Grade	\$1.25	\$11.00	\$100.00
4 to 5 ft. XX Grade	1.00	9.00	85.00
3 to 4 ft. One Year	.85	8.00	75.00
2½ to 3 ft. One Year	.75	6.00	50.00

PRICES OF STANDARD PEAR TREES TWO AND THREE-YEAR OLD

	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$1.00	\$9.00	\$85.00
4 to 5 ft. XX Grade	.85	8.00	75.00
3 to 4 ft. One Year	.75	6.00	50.00
2½ to 3 ft. One Year	.60	5.00	40.00

Mail size 60c each; 3 for \$1.75

5 trees at 10 rate; 50 at 100 rate

EXTRA LARGE SIZE TREES

THREE AND FOUR YEARS OLD

\$1.25 each; \$11.00 per ten.

Bartlett

Bartlett—The best and most popular of all Pears for market and home use. It is a rich golden yellow color when ripe, often with a soft blush on sunny side. It is very large, thin skinned; flesh buttery and melting, and has a rich musky flavor. The tree is a strong grower and bears young and abundantly. It requires careful cultivation to get the best results. Fruit should be thinned when small and should be picked just before it is ripe. Then it should be wrapped in paper, packed in tight boxes and placed in a cool cellar until ready for use. Season, August and September.

Dwarf Pear Trees

	Each	Ten	Hundred
3 to 4 ft. XXX Grade	\$.85	\$7.50	\$60.00
2 to 3 ft. XX Grade	.75	6.00	50.00
Mail size 75c each; 3 for \$2.00			
5 trees at 10 rate; 50 at 100 rate			

Bartlett—Dwarf Pears are similar to the standard fruit of the same variety, and are very profitable.

Clapp's Favorite—This is a very good dwarf variety which is used extensively for fillers in orchards, mainly Apple orchards.

Kieffer—Similar to the standard fruit.

Duchess

Duchess—The most popular of all dwarfs and the one most widely grown. Duchess is a great yielder and a great money getter. The tree is hardy and thrifty and bears uniformly big crops.

SPECIAL PRICE ON DWARF DUCHESS

	Each	Ten	Hundred
3 to 4 ft. XXX Grade	\$.75	\$6.00	\$50.00
2 to 3 ft. XX Grade	.65	5.00	40.00

Garrison, N. Y., April 4, 1922
ALLEN L. WOOD,
 Rochester, N. Y.

Dear Sir:

Your shipment of fruit trees and vines received. I am very much pleased with them.

Wish to thank you for the fine quality of stock you sent me and I feel confident that they will prove just as good as they look.

(Signed) **JAMES H. BROOKS.**

Quince Trees

	Each	Ten	Hundred
4 to 5 ft. XXX Grade	\$1.00	\$8.50	\$75.00
3 to 4 ft. XX Grade	.85	7.50	65.00
2 to 3 ft. X Grade	.75	6.00	50.00
Mail size 75c each; 3 for \$2.00			
5 trees at 10 rate; 50 at 100 rate			

EXTRA LARGE SIZE TREES
 \$1.25 each; \$11.00 per ten.

Orange

Orange—More largely planted than any other variety. Orange is large, bright golden yellow. Cooks very tender and has a fine flavor.

Rea's Mammoth—We consider this the best of all the Quinces. The largest and in every respect the finest variety of the Quince.

Apricot Trees

Two Years XXX Grade \$1.00 each.
 Two Years XX Grade .85 each.

Moorpark

Moorpark—One of the largest. Yellow with red cheek, firm, juicy and very productive. An old and dependable variety. August.

Cherry Trees

The sour varieties are dwarf and bushy growers; bear earlier than the sweet varieties, and are more largely planted.

Prices of Sour Cherries.

Two Years Old.

	Each	Ten	Hundred
5 to 6 ft. XXX Grade	\$1.25	\$11.00	\$85.00
4 to 5 ft. XX Grade	1.00	8.50	75.00
3 to 4 ft. X Grade	.75	6.50	50.00

Mail size 75c each; 3 for \$2.00

5 trees at 10 rate

EXTRA LARGE SIZE TREES THREE AND FOUR YEARS OLD

\$1.50 each; \$12.50 per ten.

Early Richmond—Is a wonderful bearer and cannot be surpassed for hardiness. The fruit is of medium size, roundish, dark red. Flesh is tender, juicy and sub-acid. The tree is vigorous and long lived. Excellent for canning and drying.

Montmorency

Montmorency—A beautiful, large, red, sour Cherry. The fruit is clear, bright red and of good size. Flesh is of fine quality, sub-acid. The trees are clean growers and prolific bearers. No matter how unfavorable the season may be, Montmorency can be depended upon for a full crop. It is a good shipper, very attractive looking and always brings good prices. The canning factories use large quantities of them and the demand is greater than the supply. Fruit ripens ten days later than Early Richmond.

XX Grade Montmorency Cherries all Sold.

English Morello—Best late sour Cherry, very dark red color, sometimes nearly black. Tree is small grower. Fruit ripens about two weeks later than Montmorency.

Sweet varieties of Cherries succeed best in sandy or gravelly loam, well drained. Avoid low or wet ground. They make large pyramidal trees. Sweet Cherry trees are harder to transplant than sour varieties.

Prices of Sweet Cherries Two Years Old

	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$1.40	\$12.00	\$110.00
4 to 5 ft. XX Grade	1.20	10.00	90.00

5 trees at 10 rate; 50 at 100 rate.

Black Tartarian

Black Tartarian—This is a large, black, heart-shaped, tender, juicy Sweet Cherry of surpassing quality. The tree is an upright, dense grower, remarkably vigorous and a regular bearer of immense crops.

Napoleon or Royal Ann—This is one of the largest and best of all sweet Cherries. It is a magnificent variety, large, sweet, pale yellow with a bright red cheek. It is a splendid shipper and fine for canning. To eat out of the hand it is unsurpassed. Flesh is very firm and juicy. Tree is a fine grower and immense bearer.

Schmidt's Bigarreau—The fruit is of very large size, of a deep mahogany color. The flesh is dark, tender, very juicy, with a fine rich flavor. Fruit grows in clusters. It is an excellent shipper and brings good money on the market.

Windsor—This Cherry was brought over from Canada where it originated. The tree is very hardy, very vigorous, and very prolific. It is the most valuable late sweet Cherry for family or commercial use. The fruit is large and liver colored, very handsome. The flesh is remarkably firm and of fine quality. Windsor comes into bearing at a very early age. Fruit is ripe in July.

“DR. WORCESTER”

“The 20th Century Peach”

(See Back Cover)

The DR. WORCESTER Peach is of a very large size, and the color is a beautiful golden yellow, overlaid with red. The flesh is yellow, firm and juicy, and the flavor, which is its chief merit, is rich and sweet. The skin is firm, making it a good shipper, and keeper. The tree is hardy and a late bloomer, so late frosts seldom injure it, and it is a healthy, vigorous grower and good bearer. These qualities make the DR. WORCESTER Peach a most valuable commercial variety.

EVERYONE WHO HAS SEEN AND TASTED THIS PEACH WANTS MORE.

Last spring we refused several hundred orders for the Dr. Worcester Peach, and refunded several hundred dollars after we were sold out. FIRST COME, FIRST SERVED.

Prices of Dr. Worcester Peaches

	Each	Ten	Hundred
4 to 5 ft. XXX Grade	\$1.00	\$8.50	\$75.00
3 to 4 ft. XX Grade	.85	7.50	65.00
2½ to 3 ft. X Grade	.75	6.50	50.00

5 trees at 10 rate.

Mail size 75c each; 3 for \$2.00.

EXTRA LARGE SIZE TREES

\$1.25 each; \$10.00 per ten.

We have the exclusive sale of “Dr. Worcester” Peach trees, and each tree or bundle of trees we sell has a special Guarantee Seal attached to it.

HISTORY OF THE "DR. WORCESTER" PEACH

In the fall of 1890, Dr. Worcester of Middletown, N. Y., planted a bed of choice Peach pits, which he had gathered from various sources. In 1892 he transplanted all the strongest seedlings, and when they started to bear in 1895, all but one were clingstones. One of the trees bore beautiful yellow and crimson Peaches of enormous size, which were perfect freestones.

In 1896 this tree was heavily loaded with large and beautiful fruit, which averaged from 8½ to 10 oz. each. Six of the largest Peaches weighed 3 lbs. 2½ ozs. Dr. Worcester sent several of these Peaches to quite a few well known horticulturists and nurserymen, and they all pronounced it a most wonderful Peach.

In 1898 Dr. Worcester sent a basket of his seedling Peaches to the American Institute of New York, and they were so well pleased with them that they sent him a Certificate of Merit.

Up to this time Dr. Worcester had only the original tree. In August 1899 he budded several trees to make a thorough test, and continued to bud some each year thereafter until 1917, when he made a contract with Mr. Allen L. Wood, of the Woodlawn Nurseries, to bud and sell the Dr. Worcester Peach. It proved to be such a wonderful Peach that Mr. Wood purchased the exclusive right to same.

Mr. Wood says:

"I would advise all my friends and customers to plant out one or more Dr. Worcester Peach trees, as I know they will not be disappointed in the fruit. Everyone who has tasted this Peach pronounces it to be far ahead of any other variety they have eaten."

ALLEN L. WOOD

A Few of the Many Testimonials We Have Received About the "DR. WORCESTER" PEACH

San Francisco, Cal., Oct. 18.

Dr. J. W. Worcester,
Middletown, N. Y.

My dear Doctor: I received the sample of "Dr. Worcester" Peaches just before leaving the east for here. I divided with some of my neighbors and we all pronounced them the most delicious Peaches we ever had the pleasure of tasting. Surely some one ought to bud and sell the trees. Thanking you, I am yours very truly, CHAS. G. PORTER.

Mr. Porter is Superintendent of the Fruit Dept., at the New York State Fairs.

Rochester, N. Y., Nov. 12.

My dear Mr. Wood: The "Dr. Worcester" Peaches which you sent me were sampled by the heads of the different departments of our Seed and Nursery establishment and all pronounced them the best and most luscious they had ever tasted. Apparently you have something in the Peach line extra good and worthy of introduction. Yours very truly,
CHAS. H. VICK.

Mr. Vick is President of Hart & Vick, Inc.

Brighton Station, Rochester, N. Y.
October 11.

Dear Sir: Your letter of the 9th and the "Dr. Worcester" Peaches reached me yesterday. I think they are the finest Peaches I ever tasted. They are very solid and firm and should be a good shipping Peach. Their flavor is far superior to the Elberta. I hope some day to be able to see this Peach in bearing as it looks mighty good to me. Thanking you for the sample, I remain
Yours very truly.

EMERSON A. BABCOCK, Fruit Grower.

Penn Yan, N. Y., Oct. 10.

Dear Mr. Wood: I have sampled the Peach and pronounce it very good. It is of much better quality than the Elberta. Thanking you for letting me sample it, I remain Very truly yours, E. C. GILLET, Sec'y of New York State Fruit Grower's Assn.

Rochester, N. Y., Oct. 16.

Dear Sir: The sample of your new Peach, "Dr. Worcester", which you showed us and which we sampled in our office recently, seems to be a fine acquisition to the list of Peaches. It was of good size and the flesh was yellow and firm indicating that it would stand shipping. It was also a perfect freestone. From all we hear we think that it will be a Peach worth while cultivating.

Yours truly, C. M. HOOKER & SONS,
Fruit Growers.

Newport, Del., Feb. 8, 1921.

Dear Sirs:

Enclosed find my check for \$10.00. Kindly send me

5 Ohio Beauty Apples, X grade.

5 Dr. Worcester Peaches.

The first trees of the Dr. Worcester Peach that I bought from you, bore the first time this fall. I never saw such Peaches.

Yours truly,
(Signed) Mrs. Anna Justis.

(Mrs. Justis bought her Peach trees in the spring of 1919.)

WOOD'S CHOICE PEACH TREES

PRICE OF PEACH TREES

BUDED FROM BEARING TREES

4 to 5 ft. XXX Grade	\$.50	\$4.00	\$25.00
3 to 4 ft. XX Grade	.40	3.00	20.00
2½ to 3 ft. X Grade	.30	2.00	15.00

5 trees at 10 rate; 50 trees at 100 rate.

Mail size 30c each; 3 for 80c.

EXTRA LARGE SIZE TREES

75c each; \$5.50 per 10.

Hale

Hale—In size it is one-third larger than the Elberta and is more highly colored. The skin is deep crimson, smooth, tight, and without fuzz. Flesh is golden yellow, firm, and has a most delicious flavor. The pit separates easily from the flesh. It is exceptionally valuable as a commercial Peach owing to its unusual keeping and shipping qualities. Will ship nearly as well as an Apple. Fruit ripens about five days before the Elberta, but it will hang on the tree longer. Your collection is incomplete without this variety.

Peach growing is a great industry. The ease with which these trees may be cultivated, their freedom from disease, the short period before they become productive, together with the immense demand for the fruit and the facility with which it may be shipped to markets, make Peach growing extremely profitable.

To secure healthy, vigorous and fruitful trees, the ground must be kept clean and mellow, and should receive an occasional dressing of wood ashes.

To keep the trees in good shape it is necessary that they should be pruned yearly, all the dead and useless wood cut out and light and air let in.

Woodlawn Golden—A new variety which we recommend for general culture. The fruit is large and highly colored; flesh is yellow, firm and flowing over with rich, finely flavored juice. Fine for canning as well as being the most desirable for eating from the hand. The tree is a strong grower and very productive. Perfect freestone. Ripens first of September.

Elberta

The Greatest Money-Maker of Them All.

Elberta—The greatest commercial Peach on the market today. This variety is the most popular all over the country and there are more of these grown than of any other kind. It is undoubtedly the best orchard kind and also is valuable for garden planting. The tree is very hardy and a productive and uniform cropper. The fruit is large, yellow with red cheek; it is juicy and high flavored. Flesh is yellow and fine. It is a freestone Peach and ripens about ten days later than Early Crawford.

Erie, Pa., May 8, 1922.

Gentlemen: The 100 Elberta Peaches; 50 Ohio Beauty Apple trees, 5-20th Century Peaches and 11 Concord Grape vines, were duly received at my farm at Hyner, Pa., and my farmer wrote me that they were the finest trees he ever saw; lots of roots of good length.

As this man has planted over 4,000 trees for me, I wish to congratulate you and thank you. Yours truly,

(Signed) C. L. McCLOSKEY.

WOOD'S CHOICE PEACH TREES

BUDDED FROM BEARING TREES

Carman—Hardy and Early

Carman—A new, hardy, rot-proof Peach ripening from the middle to the end of July. Fruit is large, oval-shaped, yellowish-white. Flesh is creamy white, slightly tinted with red, juicy and fine. Carman is fine shipper and is freestone.

Early
Crawford

Early Crawford—A magnificent large yellow Peach of good quality. Its size, beauty and productiveness make it one of the most popular sorts. No other variety has been so extensively planted. First of September.

Champion—Large, handsome, creamy white with red cheek; sweet, rich, juicy; freestone. August. One of the best.

Niagara—Fruit is a beautiful golden yellow blushed with brilliant red. Resembles the Early Crawford, but is larger in size. The flavor is rich and piquant, reminding one of the very best Peaches he ever ate. We recommend this variety as one of the best for the garden.

Rochester—Is in a class by itself because it is the only good sized, yellow freestone Peach of fine quality ready for market in the middle of August in the northern states. The fruit is large, yellow with a most attractive red blush; juicy and delicious and keeps well; an excellent shipper. Its greater sweetness over other Peaches requires only half the usual quantity of sugar in canning. The tree is a strong grower; early and regular bearer of big crops, and absolutely hardy; two weeks ahead of Early Crawford.

Late Crawford

Late Crawford—Fruit is of the largest size; skin yellow or greenish-yellow with dull red cheek; flesh yellow; one of the finest late sorts. Last of September. Freestone.

WOODLAWN NURSERIES: I received my trees in good condition. Please accept my thanks for your promptness, and for the quality of trees. I bought some stock from an agent, but if I had known what I do now, he would not have gotten my order. He charged me \$2.00 per tree for what I call sticks, 2½ ft. long. If he calls again I will show him your trees. Yours truly, J. H. P. MOSSEY.

Plum Trees

PRICES OF PLUM TREES TWO YEARS OLD

	Each	Ten	Hundred
5 to 7 ft. XXX Grade	\$1.25	\$10.00	\$90.00
4 to 5 ft. XX Grade	1.00	9.00	80.00
3 to 4 ft. X Grade	.85	7.00	60.00

5 trees at 10 rate

EXTRA LARGE SIZE TREES
THREE AND FOUR YEARS OLD
\$1.50 each; \$12.50 per ten.

Burbank

Burbank—This variety is very much like the Abundance, except that it is much deeper in color, and ripens from ten to fourteen days later. It is one of the handsomest Plums on the market and always finds a ready sale. The fruit is large, reddish-purple; flesh yellow, juicy and good. Tree is very hardy and vigorous. It will withstand the frost better than most varieties. August.

Bradshaw

Bradshaw—This is a very large, dark violet-red plum, very juicy and good. The quality of Bradshaw is very fine and is very popular wherever planted. The tree is erect, vigorous, hardy and very productive. One of the finest for market and canning purposes. The fruit ripens about twelve days after Abundance.

Liberty Prune

Liberty Prune (formerly Wood's Improved German Prune)—Best of all Prunes for drying. This is a strain of the old German Prune which we have improved until we now can offer one that is larger, more uniform in size, than the old variety.

Fellemborg (Italian or French Prune)—This is a dark purple Plum with a dark blue bloom; size is medium, oval, pointed and tapering. Flesh juicy and delicious; fine for drying. September.

Abundance—The fruit is large, showy and beautiful. It has a bright cherry-red color. The flesh is yellow, firm, juicy, sweet and very delicious. Stone is small and parts freely from the flesh. August.

Lombard

Lombard—A great favorite because it is a wonderful and early bearer and a hardy strong grower. Fruit hangs so thickly on the trees that it must be thinned. It is a good variety to eat out of hand and also to can. Lombard is a handsome reddish Plum. Flesh is yellow, juicy and pleasant. It can be relied on for a crop when other varieties fail. Ripens in August.

Worden

Agawam

Niagara

Concord

FOUR, BEST, STANDARD GRAPE VINES

Price of Two-Year-Old Vines; (Except otherwise noted)

35c each; \$3.00 per 10; \$20.00 per 100.

If sent by Parcel Post add 5c each; 25c per 10.

Worden—Bunch large, compact, handsome; berries large—larger than those of the Concord. It ripens a few days earlier and is superior to it in flavor. Destined to become very popular for the vineyard and garden.

Niagara—This is the leading American white grape, holding the rank among the grapes of this color that Concord does among the black varieties. Bunch very large and handsome, often shouldered, compact; berries large, round; skin thin, tough, does not crack and carries well; has not much pulp when fully ripe; melting, sweet. The Niagara makes a handsome and showy fruit and for this reason sells very readily on the market, commanding a good price.

Concord—This is the leading black variety and the most widely grown grape on this continent. Fruit ripens in midseason with the Niagara. Grape juice is made almost entirely from Concords, and owing to the productiveness of this variety it can be produced so cheaply that no other grape can compete with it either for this purpose or as a market variety.

Agawam—A dark red Grape with fine flavor. Large bunch and berry, rich, sweet and aromatic; strong grower and very productive.

Moore's Early—Bunch medium; berry large, round, black, with a heavy blue bloom; flesh pulpy, and of medium quality; hardy and moderately prolific. Its large size and earliness render it desirable.

STRAWBERRIES

Price 50c per 12; \$1.00 per 15; \$2.00 per 100; \$15.00 per 1000.

If sent by mail—55c per 12; \$1.10 per 25; \$2.25 per 100.

Monroe—We are proud to say that we introduced the "MONROE" which has made a record for itself. The berry is deep red, not red in spots as on some varieties, but red all around, making it a very handsome fruit. It is finely grained, very firm and red to the core. The flavor of the "MONROE" surpasses that of any other strawberry.

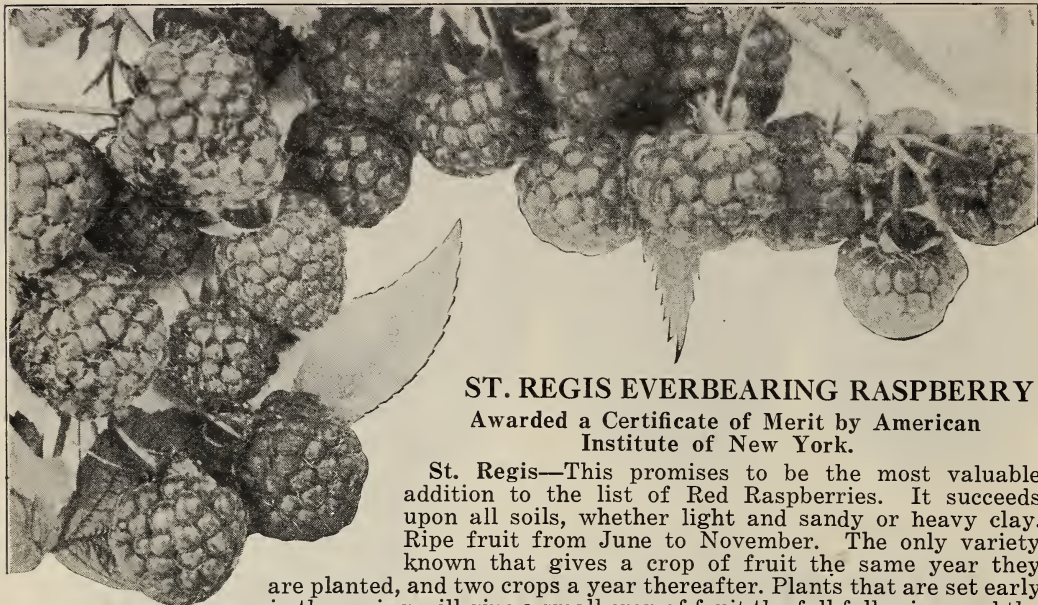

SPECIAL PRICE ON 200,000 CONCORD and NIAGARA GRAPE VINES

2 Years Old Extra Fine Plants

CONCORDS:—25c each; \$2.00 per 10; \$11 per 100; \$90 per 1000.

NIAGARAS:—30c each; \$2.30 per 10; \$15 per 100; \$120 per 1000.

**ORDERS BOOKED IN ROTATION
WHILE THEY LAST.**

ST. REGIS EVERBEARING RASPBERRY

Awarded a Certificate of Merit by American Institute of New York.

St. Regis—This promises to be the most valuable addition to the list of Red Raspberries. It succeeds upon all soils, whether light and sandy or heavy clay. Ripe fruit from June to November. The only variety known that gives a crop of fruit the same year they are planted, and two crops a year thereafter. Plants that are set early in the spring will give a small crop of fruit the fall following, and the next spring a big crop equaling that of any Red Raspberry known. In size, quantity and quality, to say nothing of its fall-bearing qualities, it is ahead of anything we know of. About the middle of August it commences to set fruit on the young canes, and bears continuously from then until frost. The berries are large, beautiful and attractive.

Price—2 for 25c; \$1.00 per 10; 25 for \$1.50; \$4.00 per 100; \$25.00 per 1000.
If sent by Parcel Post add 10c per 10; 20c per 25.

Columbian
Purple-Red Berry

Columbian—Very large, often an inch in diameter; dark red, bordering on purple, adheres firmly to stem and will dry on the bush if not picked; of rich, sprightly flavor, the best for canning or evaporating, and probably the most productive of all raspberries. A most vigorous grower, canes ten to fifteen feet in length and often over an inch in diameter, strong and woody, its roots spreading and penetrating the soil to a great depth, thus enabling it to resist drought. It propagates from the tips and never suckers from the roots. It is very hardy, enduring 28 degrees below zero without injury.

Price—2 for 25c; \$1.00 per 10; 25 for \$1.50; \$4.00 per 100; \$25.00 per 1000.
If sent by Parcel Post add 10c per 10; 20c per 25.

Wood's Improved Cuthbert

Wood's Improved Cuthbert

A strain of the original Cuthbert which we have been testing and improving for years. It is a strong grower, has healthy foliage, and is very productive if planted on good soil. Cuthbert is one of the old standard, reliable sorts that will give a good crop of large red berries

that are firm and have a rich flavor. Of very fine quality; more largely grown than any other variety. We recommend it for either home use or field culture.

Price—2 for 25c; \$1.00 per 10; 25 for \$1.50; \$4.00 per 100; \$25.00 per 1000.
If sent by Parcel Post add 10c per 10; 20c per 25.

BLACK RASPBERRIES

Plum Farmer

Plum Farmer—Has been thoroughly tested in western New York where it is a great favorite for market and home use. The fruit is very large, often measuring an inch in diameter. Brings the highest prices on the market.

Price—2 for 25c; \$1.00 per 10; 25 for \$1.50; \$4.00 per 100; \$25.00 per 1000.

Black Diamond—One of the best for home and market use. For drying and evaporating it excels all others. The fruit is large, sweet and excellent.

Price—2 for 25c; \$1.00 per 10; 25 for \$1.50; \$4.00 per 100; \$25.00 per 1000.

If sent by Parcel Post add 10c per 10; 20c per 25.

BLACKBERRIES

Blowers—Giant, upright, mammoth grower, is very hardy and enormously productive. The season of ripening is from the middle of July until frost, with the bulk of the crop maturing in August. A single plant produced over 2600 berries and from $\frac{3}{4}$ of an acre of land 112 bushels of fruit were picked.

Price—2 for 35c; \$1.25 per 10; 25 for \$2.00; \$6.00 per 100; \$50.00 per 1000.

If sent by Parcel Post add 10c per 10; 20c per 25.

Eldorado

Eldorado—A valuable variety; medium size, jet black, melting, sweet and rich; hardy and very productive.

Price—2 for 35c; \$1.25 per 10; 25 for \$2.00; \$6.00 per 100; \$50.00 per 1000.

If sent by Parcel Post add 10c per 10; 20c per 25.

ASPARAGUS (2 years old)

To make a good Asparagus bed, prepare a plot of fine, loamy soil, to which has been added a liberal dressing of good manure. Set the plants 12 inches apart in the row and the rows 20 inches apart.

Price, 50c per 10; \$1.00 per 25; \$2.50 per 100; \$15.00 per 1000.

If sent by Parcel Post add 5c per 10; 15c per 50; 25c per 100.

Barr's Mammoth—Robust and vigorous and throws large shoots which remain white above ground as long as they are fit for cutting.

Conover's Colossal—This variety is remarkably tender and finely flavored.

Barr's Mammoth

Palmetto—An early and great yielder and very even and regular in growth. It has been tested both North and South and has proved entirely successful in every way.

FEDERAL QUARANTINE

In accordance with a Federal Quarantine, Currants and Gooseberries cannot be shipped from any state east of and including the states of Minnesota, Iowa, Missouri, Arkansas, and Louisiana; and also prohibits the shipment of Black Currants to points outside of the New England states and New York. (The following states also prohibit shipments of Currants and Gooseberries: Delaware, Georgia, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, North Carolina, Rhode Island, South Carolina, Tennessee, Virginia, and West Virginia.)

(CANADA—Currants and Gooseberries may be shipped into ONTARIO ONLY, from New York State, without any restriction.)

GOOSEBERRIES

PRICE OF 2-YEAR-OLD BUSHES

35c each; \$3.00 per 10; \$25.00 per 100.

If sent by Parcel Post add 5c each; 25c per 10.

Pearl—This variety bears a great resemblance to the Downing, but is superior in size and quality. It is very hardy; free from mildew and the most productive of all varieties.

Josselyn—Fruit red, large size, smooth, of best quality. Has been tested over a wide extent of territory by the side of all the leading varieties, and so far is free from mildew, both in leaf and fruit. A wonderful cropper, with bright, clean, healthy foliage.

RHUBARB—PIEPLANT

Two-year-old plants
Strawberry Rhubarb all the year.

Wood's Strawberry Rhubarb

You can have Early Strawberry Rhubarb throughout the entire year. Cut stalks of young Rhubarb into small pieces. Put these into fruit jars. Fill jar with cold water and seal up tightly. This will keep you in fresh Early Strawberry Rhubarb the entire year.

There is a number of different ways of serving Early Strawberry Rhubarb—pies, cakes, dings, etc. sauces, jellies, pud-

Price of
Two-year-old plants
25c each; \$2.00 per 10;
\$15.00 per 100.

If sent by Parcel Post add 5c each; 25c per 10.

CURRANTS

PRICE OF 2-YEAR-OLD BUSHES

Except otherwise noted.

35c each; \$2.50 per 10; \$20.00 per 100.

If sent by Parcel Post add 5c each; 25c per 10.

Wood's Improved Cherry—A strain of the original Cherry which we have greatly improved upon. It is larger, has better bunches, and is a stronger grower. Fruit is large, deep red, and sub-acid.

Wood's Giant Black—This is the largest and finest black variety known. Much valued for jellies.

Price 40c each; \$3.00 per 10; \$25.00 per 100.

Perfection—Won the Barry \$50.00 Gold Medal of the Western New York Horticultural Society, the Pan-American Exposition Medal, and the Gold Medal at the St. Louis Exposition of 1904. The color is a beautiful bright red; clusters long; large size berries.

Price 40c each; \$3.00 per 10; \$25.00 per 100.

Red Cross—Very popular owing to its sweetness and fine flavor. New York Experimental Station says: "Red Cross is large and productive. The masses of fruit are so dense as to completely hide the bearing canes from view."

Fay's Prolific—Less acid than Cherry; bunch large, berries medium. A remarkable cropper.

NEW YORK STATE GROWN NUT TREES

English Walnut

English Walnut—An exceedingly handsome tree for the lawn. It produces large crops of thin shelled, delicious Nuts which are always in demand at good prices. The English Walnut can be grown in the Eastern and Northern States, as well as in California and the South. There are several large orchards of English Walnuts in the vicinity of Rochester, N. Y., which produce good crops every year. We have three English Walnut trees on one of our Farms, which are over 40 years old.

2 to 3 ft. \$1.50 each.	5 to 6 ft. \$3.00 each.
3 to 4 ft. 1.75 each.	6 to 7 ft. 4.00 each.
4 to 5 ft. 2.00 each.	7 to 8 ft. 5.00 each.

Butternut

Butternut—Produces large, handsome, elongated Nuts with rich, sweet, oily kernel; very nutritious. Cultivation increases the size of the Nuts. The tree grows rapidly and yields large crops in a few years.

4 to 5 ft., \$1.00 each; \$9.00 per 10.

Japan Walnuts picked from a six-year-old tree

Japan Walnut—A choice improved variety, grows with great vigor, forming a handsome head without pruning; has withstood a temperature of 20° below zero without injury. The shell is a little thicker than that of the English Walnut, which it resembles in a general way; kernels are meaty, delicate, and can be removed entirely. Tree begins to bear when 2 or 3 years old.

3 to 4 ft., \$1.00 each; \$9.00 per 10.

Black Walnut

Black Walnut—Bears a heavy crop of large, round Nuts of excellent quality. They are much relished and bring a good price on the market. The tree is a rapid grower, attaining a large size and majestic form; has beautiful foliage. Very valuable for its timber, which enters largely into the manufacture of fine furniture and cabinet ware.

5 to 6 ft., \$1.00 each; \$9.00 per 10.

Marion, Ind., March 20, 1922.

Mr. Allen L. Wood,
Rochester, N. Y.

Dear Sir: Just a line to inform you my stock arrived in the finest condition March 19th. Must say that I am most highly pleased with both your prompt service and splendid plants. You will receive another order from me next spring for shade trees, roses, and ornamental shrubs.

Wishing you much success, I am,

 Yours truly, (Signed) GEO. STEWART.

ORNAMENTAL TREES

Avenue of Norway Maples

A denotes trees which attain 50-70 ft. in height.
 B denotes trees which attain 20-40 ft. in height.
 C denotes trees which attain 8-15 ft. in height.

MAPLE TREES

Maple, Norway (A)—The compact, vigorous nature of this tree renders it desirable for the street or lawn. The growth is fairly fast, the head massive and rounded, with broad rich green foliage. This variety is highly recommended by the Shade Tree Commissioners for street and park planting.

	Each	Ten
6 to 8 ft.....	\$1.50	\$12.50
8 to 10 ft.....	2.00	17.50
10 to 12 ft.....	2.50	22.50
Extra 2 in. Caliper....	3.50	32.50

Maple, Ash-Leaved or Box Elder (B)—A fine rapid growing variety, with handsome, light green foliage and spreading head; very hardy; desirable for street planting and succeeds in many sections where other varieties do not thrive.

8 to 10 ft., \$1.25 each; \$11.00 per 10
 10 to 12 ft. \$2.00 each; \$17.50 per 10

Maple, Sugar or Rock (A)—A native tree valuable for its production of sugar and wood. Very stately in form, rapid grower and has fine foliage. Valuable ornamental variety.

8 to 10 ft., \$1.50 each; \$14.00 per 10.
 10 to 12 ft., \$2.00 each; \$18.00 per 10.

SILVER MAPLE

A favorite for the street, park or lawn.

Maple, Silver-Leaved or Soft Maple (A)—Of rapid growth, large size, and rounded form; foliage bright green above and silvery beneath; very hardy and easily transplanted.

	Each	Ten	Hundred
8 to 10 ft. Extra Good	\$1.50	\$14.00	\$125.00
10 to 12 ft. Extra Good	2.00	17.50	150.00
Extra Large	2.50	20.00	

Wier's Cut-Leaved Maple

Maple Wier's Cut-Leaved (A)—One of the most remarkable and beautiful trees, with cut or dissected foliage. Its growth is rapid, shoots slender and drooping, giving it a habit almost as graceful as the cut-leaved Birch.

6 to 7 ft., \$1.50 each.

Maple, Schwedlerii (Red Leaved)

Maple, Schwedlerii (Red Leaved) (B)—An excellent and striking variety. The beautiful leaves attract attention all season, but are especially fine in spring, when their gleaming red and purple contrast brightly with the delicate green of other trees. Purplish-green in midsummer; golden yellow in autumn.

10 to 12 ft., \$5.00 each.

American Linden or Basswood

Linden, American (B)—Of unusual stately beauty. Foliage is luxuriant and the curious cream colored flowers have a delightful fragrance. Blooms in July. Growth is rapid and upright.

8 to 10 ft., \$2.00 each.

Bechtel's Double-Flowering Crab

Bechtel's Double-Flowering Crab (C)—One of the most beautiful of the many fine varieties of the flowering crabs. Tree medium size, covered in early spring with large, double, fragrant flowers of a delicate pink color. From a distance they have the appearance of roses.

1½ to 2 ft., 75c; 2 to 3 ft., \$1.00; 3 to 4 ft., \$1.25 each.

Carolina Poplars for Wind-break or Hedge—For immediate effect the Carolina Poplar is indispensable. You can plant them out for a screen to hide unsightly views, or for a wind-break. Muck Gardeners plant them out by the thousand to keep their seed from blowing away, or being covered with too much dirt after planting. The tops should be cut back to about 8 feet, and you will have a hedge or windbreak the first year. Plant them about 2½ feet apart.

8 to 10 ft., \$5.00 per 10; \$40.00 per 100.

West Hoboken, N. J.
Woodlawn Nurseries,
Gentlemen:

I received the trees in first class condition and will say they are the best lot of trees I have ever received.

Your packing cannot be excelled and the trees are just what you claim them to be in your catalog. I also wish to state that the fruit trees I bought from you several years ago are bearing fruit.

Chas. F. Boman.

Showing first year's planting of Carolina Poplar as windbreak or hedge.

Lombardy Poplar

Poplar, Lombardy (A)—Well known for its erect rapid growth and commanding form. Very desirable on large grounds or along roads, to break the average heights and forms of other trees. May be planted out for a screen to hide unsightly views, or for a windbreak.

	Each	Ten	Hundred
8 to 10 ft.	\$.75	\$6.50	\$50.00
10 to 12 ft.	1.00	7.50	60.00

Carolina Poplar

Poplar, Carolina (A) — Remarkably rapid, luxuriant grower. Very large leaves, very glossy, deep green. Valuable as a street or shade tree where shade is desired quickly. Useful for planting as a screen to hide unsightly buildings or as a windbreak for an orchard or garden.

	Each	Ten	Hundred
8 to 10 ft.	\$.75	\$5.00	\$40.00
10 to 12 ft.	1.00	6.00	50.00

Catalpa, Bungei each side of walk

Catalpa, Bungei (Umbrella Catalpa) (C)—Grafted on stems 6 to 8 ft. high, it makes an umbrella shaped top without pruning; perfectly hardy. Leaves large, glossy, heart-shaped, deep green. One of the most unique trees; desirable for lawn, park and cemetery planting or for each side of a driveway.

Two-year heads, extra large, \$2.50 each.

Camperdown Elm

Elm, Camperdown (Weeping Elm) (C)—One of the most graceful of all weeping trees, having large luxuriant and deep green foliage; well adapted for planting on lawns, or in parks or cemeteries; very desirable. A rapid grower.

6 to 8 feet, \$2.50 each.

Weeping Mountain Ash

Weeping Mountain Ash (C)—A beautiful variety of rapid growth and decidedly pendulous and trailing habit; covered from July till winter with great clusters of bright scarlet berries. One of the most desirable lawn trees.

6 to 8 feet, \$2.50 each.

Tea's Weeping Mulberry

Mulberry, Tea's Weeping (C)—One of the finest, most graceful and satisfactory of weeping trees. Umbrella shaped head, with slender willowy branches drooping to the ground. It has beautiful glossy foliage, handsomely cut or divided into lobes. Perfectly hardy. \$2.50 each.

Willow, Babylonica (A)—Well-known, weeping variety; forms a large, round-headed, graceful tree. It does not require much attention and succeeds well in rather dry soil. Very desirable.

8 to 10 ft., \$1.25 each; 10 to 12 ft., \$1.50 each.

Louisville, Ky., March 26, 1921.
Woodlawn Nurseries,
Dear Sirs:

Received trees O. K. and planted them. They are the finest I ever saw. They are the pride of the neighborhood, and ought to be a good ad for you. Will do all I can for you.

Many Thanks,
(Signed) A. J. Heckman.

WOODLAWN NURSERIES

Catalpa, Speciosa (A)—This medium to large tree with its tropical-like foliage and its pyramids of white flowers is worthy of a place in every collection. It is very ornamental and is a valuable tree for the street or park.

8 to 10 ft., \$1.50 each.

Mountain Ash (B)—A favorite; erect growing tree of medium size, producing white flowers early in the Spring, followed by clusters of bright scarlet berries which remain on the tree through the Winter.

8 to 10 ft., \$1.50 each.

Mulberry, Downing (B)—Berries very large, black, and of excellent quality. Should be in every garden. Very valuable when planted near a Cherry Orchard, as the birds will eat this fruit instead of the Cherries.

5 to 6 ft., \$1.00 each.

Mulberry, Russian (B)—A hardy variety. Tree is a rapid grower; foliage is abundant.

7 to 8 ft., \$1.00 each; \$8.50 per 10.

Purple-Leaved Plum (Prunus pissardi)

Plum, Purple-Leaved (Prunus pissardi) (B)—The finest purple-leaved small tree of recent introduction. The young branches are a very dark purple; the leaves when young are lustrous crimson, changing to dark purple, and retain this beautiful tint till they drop late in autumn; no other purple-leaved tree or shrub retains its color like this. It transplants easily and is worthy of wide dissemination. Flowers small, white, single, covering the tree.

4 to 5 feet, \$1.25 each.

American Elm, Finest Street and Shade Tree

Elm, American (A)—The Elms are so well known that it is unnecessary to refer to their beauty and value for ornamental planting. We grow the American on an extensive scale, for street and park planting.

8 to 10 ft., \$1.00 each; \$8.50 per 10;

10 to 12 ft., \$1.50 each; \$12.00 per 10.

Horse Chestnut (B)—The well-known variety. Has magnificent spikes of white flowers. Fine for street planting.

8 to 10 ft., \$2.00 each.

Oriental Plane

Oriental Plane (A)—A well known tree. Extensively used for street and park planting, especially in cities where there is much smoke.

	Each	Ten	Hundred
8 to 10 ft.	\$1.50	\$12.00	\$100.00

Allen L. Wood,

Dear Sir:—I received my trees ordered of you and they are certainly fine. As nice as I ever saw. Thanks to you.

Blain, Ohio, April 21, 1922.

Signed (W. S. Jones).

The planting of shrubbery, trees, vines, etc., make a wonderful difference in the appearance of a place, as shown in the above picture.

ORNAMENTAL SHRUBS

The Shrubs we grow are of the very choicest varieties; extra strong, two and three years old, from two to five feet in height, according to the variety; and will blossom the first season.

D denotes shrubs, which attain 9 to 12 feet in height.
E denotes shrubs, which attain 5 to 8 feet in height.
F denotes shrubs, which attain 2 to 4 feet in height.

Althea, or Rose of Sharon

Althea, or Rose of Sharon (D)—The Altheas are fine, free-growing, flowering shrubs and are easy to cultivate. Very desirable on account of blooming in August and September, when scarcely any other tree or shrub is in blossom. We have the following varieties, at 50c each.

Lady Stanley (Double Pink)
Ardens (Double Purple)
Boule de Feu (Double Red)
Jeanne d'Arc (Double White)

Tree Althea—Same as bush, but grown in tree-form, with single stem. Colors: Pink, Purple, Red, White.

3 to 4 ft., 75c each; 4 to 5 ft., \$1.00 each.

Cornus are very attractive when planted singly, in groups or for massing, being distinguished for their elegant foliage.

Cornus, Elegantissima (Variegated Leaf) (E)—One of the finest shrubs, with beautifully variegated foliage. 65c each.

Cornus, Sanguinea (E)—A fine, rapid-growing shrub with red bark; leaves have a broad margin of white. 50c each.

"Everblooming Butterfly Bush" or "Summer Lilac"

Butterfly Bush or Summer Lilac (E)—This beautiful shrub matures rapidly and produces beautiful lilac-colored flowers in profusion. Blossoms the entire summer; splendid for cutting. Should be cut back to the ground every spring. 50c each.

Deutzia, Gracilis

Deutzia, Gracilis (F)—A charming species of dwarf habit; flowers pure white. Fine for growing in front of taller shrubs. 50c each.

Deutzia, Candida (E)—Pure white flowers, very double. 50c each.

Deutzia, Lemoiniei (F)—Pure white flowers, born on stout branches of upright growth. Dwarf habit, free flowering. 50c each.

Thunbergii Barberry

Barberry, Thunbergii (F)—A shrub of bright green foliage, which changes to brilliant red in the fall; bright red berries, which are conspicuous throughout the winter. Very hardy; has never been known to winter-kill. 60c each.

ALMOND (F)—A vigorous, beautiful shrub; covered in May with double, pink blossoms, like small Roses before the leaves appear. 75c each.

Deutzia, Pride of Rochester

Deutzia, Pride of Rochester (E)—Very large double white flowers. It excels in size of flower, profuse bloom and vigorous growth; nearly a week earlier than *Deutzia Crenata*. 50c each.

Maple, Siberian (F)—Dwarf habit and compact form. Foliage very handsome; leaves small; brilliant crimson in autumn. Makes a very pretty, small tree for lawns. Perfectly hardy.

2 to 3 ft., \$1.00 each.

Golden Elder

Elder, Golden Leaved (E)—A handsome variety with golden yellow foliage, which renders the plants very conspicuous and effective. White flowers. The berries are used for pies, jam and wine. 50c each.

Lilac, Ludwig Spaeth

Ludwig Spaeth (E)—Panicles long, flowers large, dark purplish red. Very desirable. \$1.00 each.

Common Purple (E)—The well-known, old-fashioned Lilac; bluish purple flowers. 75c each; \$6.50 per ten.

Common White (E)—Fragrant and free-flowering. 75c each; \$6.50 per ten.

Honeysuckle, Upright White

Honeysuckle, Upright White (E)—A well known shrub of erect habit. Valuable for its handsome flowers and showy fruit. Delightfully fragrant, one spray will fill a room with its delicate perfume. 50c each.

Honeysuckle, Red (E)—A beautiful shrub. Very vigorous; producing large, bright red flowers, striped with white. 50c each.

Honeysuckle, Pink (E)—Has flowers which contrast beautifully with the foliage. Looks very pretty planted with the white and red varieties. 50c each.

Syringa

Syringa (E)—Of vigorous habit. Very hardy, with large handsome foliage and beautiful white flowers produced in greatest profusion. One of the best and most popular shrubs. 50c each.

Syringa, Golden (F)—A very pretty medium sized shrub with golden-yellow foliage. It keeps its color the entire season. Very valuable to plant with other shrubbery or in front of a porch. 60c each.

Hydrangea, P. G.

Hydrangea, P. G. (E)—One of the most popular hardy shrubs, and also one of the finest flowering varieties. The immense heads of bloom are cream-color in bud, pure white when fully expanded, changing to pink and bronze with age; and finally to brown when frosted. Blooms in August and September, when very few shrubs are in flower. 50c each.

Hydrangea, Arborescens

Hydrangea, Arborescens Grandiflora Alba (Hills of Snow) (E)—This hardy American shrub is the very finest addition to this class of plants found in many a year. The blooms are of the very largest size, of pure snow-white color, and the foliage is finely finished. 60c each.

Hydrangea, P. G., Tree

Hydrangea, P. G., Tree Form (E)—Same as bush, but grown in tree form with single stem. 3 to 4 ft., \$1.00.

Snowberry

Snowberry, Racemosus (E)—Bushy form, small pink flowers in summer; quantities of large, white, waxy, roundish berries in autumn that remain on the plant through part of the winter. 50c each.

Snowberry, Vulgaris (E)—Low growing, spreading, graceful habit; foliage attractive; noteworthy for the beauty of its clusters of red berries which hang on the bush all winter. 50c each.

High Bush Cranberry (E)—Very ornamental. Its red berries resemble cranberries which hang on until destroyed by frost. 50c each.

Common Snowball

Snowball, Common (E)—A well-known favorite shrub producing its snowy-white sterile flowers in large balls in June. 50c each.

Snowball, Japan (*Viburnum Plicatum*) (E)—An erect, compact shrub, blooming in June; completely covered with large balls of flowers that are as white as snow, foliage is dark green. We recommend this most highly. 75c each.

Forsythia, or Golden Bell (E)—A very early and showy spring bloomer; flowers bright yellow, appearing before the leaves. Very effective for covering steep slopes, walls, fences and arbors. 50c each.

Kerria, Japonica (F)—A green branched, slender, graceful shrub, with drooping branches, rich, dark yellow flowers which bloom all summer. 60c each.

Purple-Leaved Filbert (E)—A very conspicuous shrub, with large, dark purple leaves. Particularly effective in shrubberies, or when planted by itself. Color good all season. \$1.00 each.

Prunus Triloba (E)—A beautiful shrub of vigorous growth. Blossoms very early in the spring, before the leaves appear. The whole bush is covered with double flowers, of a delicate pink. 75c each.

Quince, Japan (E)—Dark green foliage, and showy, deep scarlet flowers of good size, produced singly or in masses along the branches. Much admired and often used for hedges. 50c each.

PAEONIES

Two-year-old roots

Paeony—A noble flower almost rivaling the Rose in brilliancy of color and perfection of bloom. Hardy as an oak. In the most severe climate the plants require no protection. Each year adds to their size and beauty.

Price 50c each; \$4.50 per ten.

By Parcel Post add 5c each; 35c per ten.

Edulis Superba—Large, early and fragrant. Bright color mixed with lilac. Strong upright grower; very free bloomer. A good Decoration Day variety.

Alexandriana—Very large, double, light violet-rose; strong upright grower; free bloomer. Late. One of the best for cut flowers.

Madam Loise—Double pink; fragrant. One of the largest Paeonies grown. Sometimes has four large blossoms on one stem.

Festiva Maxima

Festiva Maxima—Very large snow white, some petals crimson. Tall, showy and vigorous grower. Early.

Couronne D'Or—Very double; yellowish. Grand cut-flower sort. Very late.

Humei—Large, very full; clear cherry pink. Strong grower. Late variety.

Louis Van Houette—Deep carmine rose with purple tints; very showy. Late.

Spirea Van Houttei is especially attractive when planted in groups

SPIREAS

All the Spireas bloom with a riotous extravagance which makes them quite striking. Their individual style, color and habits of growth differ so markedly that a collection of varieties will ensure bloom the entire season and still evade the monotony of repetition.

Spirea, Van Houttei (E)—Without doubt the finest variety in the collection. At the flowering season in May and June the plant is covered with a mass of large, white flowers, presenting a beautiful appearance. Very hardy. One of the finest shrubs in the Catalogue.

3 to 4 feet, 50c each; \$4.50 per ten.

2 to 3 feet, 40c each; \$3.50 per ten.

Spirea, Prunifolia

Spirea, Prunifolia (Bridal Wreath) (E)—A superb old-fashioned variety, with graceful, upright, slender branches covered with a wreath of white flowers in May. 60c each.

Spirea, Aurea (Golden) (E)—Foliage green, bordered with rich golden yellow. In June the branches are covered with double white flowers. Very conspicuous. 50c each.

Spirea, Billardi (E)—Rose-colored flowers in spikes; blooms nearly all summer. 50c each.

Spirea, Bumalda (F)—A low growing bush with dark leaves. Blooms early in May. Flowers a delicate pink. Very desirable. 50c each.

Spirea, Anthony Waterer

Spirea, Anthony Waterer (F)—A dwarf variety of great beauty. Its broad flat heads of red flowers continue in perfection all summer. 50c each.

Spirea, Thunbergi (F)—A dense, feathery bush. The foliage, which is a peculiar shade of yellowish green, changing in autumn to bright red and orange. Flowers pure white, borne in feathery masses in early spring. 50c each.

Weigela, Rosea

Weigela, Rosea (E)—An elegant shrub, with fine rose-colored flowers; of erect, compact growth; blossoms in June. 50c each.

Weigela, Eva Rathke

Weigela, Eva Rathke (F)—Flowers brilliant crimson. A very attractive variety. Almost a continuous bloomer. 75c each.

Weigela, Variegated (F) — Of dwarf habit; finely variegated foliage which lasts the entire season; contrasts nicely with its rose-colored flowers. One of the best. 75c each.

ORNAMENTAL VINES

If sent by Parcel Post add 5c each; 25c per 10.

Ampelopsis Veitchii—A handsome covering vine that will cling to any surface

Ampelopsis Veitchii (Boston Ivy) — Leaves overlap one another, form a dense sheet of green. It grows rapidly and clings to wall or fence with the tenacity of Ivy; the foliage is very handsome in summer, and changes to crimson scarlet in autumn. For covering walls, garages, rockeries, etc., no plant is so useful. For the ornamentation of brick and stone structures, it can be specially recommended. 50c each; \$4.00 per ten.

Clematis, Paniculata—Single, white. Of extremely rapid growth, with shining green foliage, and a profusion of flowers which are small but borne in large panicles; very popular. 50c each; \$4.50 per ten.

Clematis, Jackmanni—Large, intense violet purple and remarkable for its velvety richness; free in growth and abundant and successive bloomer. 85c each.

Clematis, Henryii—Single; the finest white Clematis; very large, fine flowers; grows rapidly, blooms freely during summer and autumn. 85c each.

Clematis, Mme. Ed. Andre — Flowers medium size; dark red; flowering. 85c each.

Ivy, American or Virginia Creeper—A fine rich green in summer, changing to crimson in autumn. Affords shade quickly and is very desirable for covering walls, verandas, or trunks of trees. 50c each.

Hall's Japan Honeysuckle

Honeysuckle, Hall's Japan — A strong, vigorous, almost evergreen sort, with pure white flowers, changing to yellow. Very fragrant. Covered with flowers from July to December; holds its leaves until January. Best bloomer of all vines. 50c each; \$4.50 per ten.

Birthwort or Dutchman's Pipe—Brownish flowers, resembling a miniature pipe. This is an ideal vine for situations requiring dense shade. Splendid for archways or verandas. The leaves are very large, broad and closely laid; deeply green, and vine grows rapidly. 75c each.

Wistaria, Purple

Wistaria, Chinese Purple — A rapid grower, unsurpassed for beauty and picturesqueness. It is hardy and lives to a great age, doing as well in cities amid unfavorable conditions, as in the country. Has long, pendulous clusters of pale flowers in May and June, and in Autumn. 50c each.

Chinese Matrimony Vine—One of the hardest of climbing vines. Purple flowers; later covered with scarlet berries. 50c each.

WOOD'S CHOICE ROSES

OUR ROSES ARE STRONG, TWO-YEAR-OLD PLANTS; WILL BLOOM THE FIRST YEAR

No class of flowers is as well or as universally loved as are Roses. They do best in a warm sunny spot, and must be shielded from strong winds; they thrive in most any soil that is well drained. Our Roses are strong, hardy, field grown plants.

SPECIAL PRICE on Roses, 75c each, (unless otherwise noted.)

If sent by mail, add 5c per plant.

Paul Neyron—This magnificent Rose is by far the largest in cultivation; very double; of a beautiful deep rose-color and delightfully fragrant; borne upon vigorous upright shoots in great abundance throughout the entire season.

Caroline Testout—Large, double, bright rose; very sweet; sturdy habit, free-flowering.

Clio—Flowers large, in clusters, of fine globular form, flesh-color shaded in the center with rosy pink; growth vigorous; handsome foliage. One of the best roses.

Mad. Gabriel Luizet—A magnificent large, full and fragrant flower. Soft pink with deep flesh-colored center. One of the choicest.

Prince Camille de Rohan—Deep velvety crimson, the nearest approach to a black rose; large, moderately full. A splendid rose.

Juliet—Should be planted with every collection of Roses. Color on outside old gold, inside a rich rosy red, changing to deep rose as the flowers expand. Very fragrant.

Mrs. John Laing

Mrs. John Laing—Color a soft, delicate pink, with a satiny sheen; very fragrant. A remarkably free bloomer.

Gruss an Teplitz

Gruss an Teplitz—Scarlet, shading to velvety crimson, very fragrant; a free grower and most profuse bloomer. Blossoms the entire summer. We can recommend it as one of the choicest roses.

Eugene Boulet—Deep crimson-red, full and globular; blooms with extraordinary freedom. An ideal Rose. 85c each.

Radiance—Extra hardy, vigorous and prolific; one of the best all-around Garden Roses. Its color is a beautiful blending of carmine-rose with shades of opal and copper. \$1.00 each.

Conrad F. Meyer—Pure, silvery-pink; surpassing all others of the Rugosa family in beauty. Valuable as an ornamental shrub.

Snow Queen—Most Perfect White Rose

Snow Queen (Formerly Frau Karl Druschki)—White American Beauty—The color is a marvelous white; vigorous and hardy. A great beauty. \$1.00 each.

Los Angeles—New California product, one of the grandest all-around Roses of America ever put on the market. The stems are long as on American Beauty; the flowers are large as Paul Neyron, from long and pointed buds. Its freedom and continuance of bloom are remarkable; its color "has the tints of the dawn, the gold of noonday and the blush of the sunset," according to one poetic admirer. \$1.50 each.

La Tosca—Soft pink; an exquisite flower. Very strong grower. \$1.00 each.

Anny Muller—Dwarf. Large clusters of brilliant rose-colored flowers in great profusion. Everblooming and hardy.

Alice Graham—Velvety, garnet-red; exquisitely perfumed. One of the grandest red Roses ever offered. \$1.00 each.

General Jacqueminot

General Jacqueminot—Brilliant crimson; one of the handsomest and most showy roses of this color; beautiful in the bud.

Mary, Countess of Ilchester—Carmine colored, forming flowers of great size, deliciously scented. Produced freely on long, upright stems. \$1.00 each.

Jamesville, N. Y., Mar. 31, 1922
Woodlawn Nurseries,

Dear Sirs: Received the Rose bushes about a week ago and I wish to say that they are the finest and healthiest bushes, I have ever seen. The roots were plentiful and the packing of them was excellent. A year ago I bought a few bushes of roses, and every one of them are fine today.

Your seeds are all that can be desired. I always advise my friends and neighbors to buy your stock, as it is true to word, healthy and exactly what you represent it to be. I can not say too much in praise of your Nursery Stock and seeds.

Very truly yours,
(Signed) EARL E. MONTGOMERY.

Pink Killarney—Queen of the Irish Roses

Pink Killarney—In color it is especially beautiful, being an exquisite shade of deep sea-shell pink. The buds and flowers are of enormous size, the petals being frequently two and one-half inches deep. Blooms profusely throughout the season. \$1.00 each.

Cecile Brunner

Cecile Brunner (or Sweetheart)—Double and delightfully fragrant; rose-pink, on a rich, creamy white ground. Exquisite in bud and open flowers. \$1.00 each.

White Killarney—A duplicate of the charming pink Killarney, with flowers white as snow. \$1.00 each.

Lady Ashtown—Soft, solid, carmine-pink. A splendid grower, with long pointed buds. \$1.00 each.

Persian Yellow—Bright yellow, nearly full. Hardy and vigorous.

Mar. Dickson Hamill

Margaret Dickson Hamill—Straw-colored petals, flushed with carmine. A beautiful and valuable variety.

Coquette Des Blanches—Medium-sized, white flowers, tinted pink. \$1.00 each.

Ulrich Brunner—A Rose of beautiful form and finish, very striking from its color of brilliant cherry-crimson. Free bloomer.

Marshall P. Wilder—Color cherry-carmine, richly shaded with maroon; very fragrant. Vigorous grower and hardy. It continues to bloom profusely long after others are out of flower.

SPECIAL OFFER

5 Climbing Porch Roses
Strong, 2 Years old,
FOR \$2.00

Will Bloom The First Season

Dr. Van Fleet	— Delicate Flesh
Crimson Rambler	— Crimson
Dorothy Perkins	— Double Pink
Thousand Beauties	— Soft Rose
Excelsa (See cover)	— Blood Red

WOOD'S CHOICE CLIMBING ROSES

TWO YEARS OLD, FIELD GROWN

Special Price, 50c each; ten for \$4.50

(Unless otherwise noted)

If sent by mail, add 5c per plant; 25c per ten.

Dr. Van Fleet—One of the newer types of Climbers, which combines absolute hardiness with flowers large as in the Tea Roses. This variety shows a mass of beautiful clusters of rich, flesh-pink buds, and when opened large delicate flowers, with stems 12 to 18 inches long.

Climbing American Beauty—A beautiful Rose—One plant will produce twenty times as many blooms as the old American Beauty. Over nine hundred blossoms and buds have been counted on one four-year-old bush. The Roses grow on single stems and measure three to four inches in diameter. It has proved perfectly hardy, and the foliage is green and beautiful until the snow falls. It is a worthy ornament to any garden, and its beauty and fragrance will prove a lasting pleasure. If you are a lover of Roses do not fail to plant it. \$1.00 each.

Excelsa or Red Dorothy Perkins — The handsomest of all climbers. Double scarlet flowers in large trusses. Extremely vigorous and hardy. See front cover.

Dorothy Perkins—Clear shell-pink with flowers borne in clusters; full and double, with crinkled petals. The foliage stays on until winter. This is without question one of the very finest of all climbing Roses.

Crimson Rambler—A vigorous and rapid grower, often growing 8 to 15 feet the first season. Charming variety for covering trellises or buildings. If grown on a wire fence as a hedge it will attract immediate attention. It produces clusters of handsome Crimson Roses.

Flower of Fairfield — Called the ever-blooming crimson Rambler. Flowers double, brilliant crimson in immense clusters.

Aviateur Bleriot—New yellow climbing Rose, golden-yellow center; full, medium size, flowering in clusters. Very vigorous, and the finest yellow shading of its class, as well as the first of its color we have been able to offer. Only a very few 2-year plants to offer. \$1.50 each.

Thousand Beauties — A superb Rose. Blooms profusely from early June until August, the flowers appearing in immense clusters of large size, and double. The colors vary from a soft rose through the shades of carmine, white, yellow and other delicate tints. It is a strong grower and its magnificent foliage is of itself a valuable feature.

Pink Rambler—Resembles Crimson Rambler in every respect, but color.

White Rambler—Similar to Crimson Rambler, only the color is pure white.

Shingle House, Pa.

Woodlawn Nurseries,
Rochester, N. Y.

Gentlemen: I never saw a finer lot of Shrubbery than the goods I received from you.

I bought \$50.00 worth from different nurseries and yours is by far the best of any. In the future my orders will go to Woodlawn.

Yours truly,
(Signed) Mrs. A. L. COLE.

PLANTS AND BULBS

WOOD'S FANCY DAHLIAS

John Wanamaker—A beautiful violet rose. Type distinct and unique. 50c each.

King of Autumn—A grand shade of autumn tints, on long stems; blooms freely. One of the best. 75c each.

Maud Adams—White, tinted lavender. One of the best. 50c each.

Rose—A deep, rosy purple shade. Flowers erect on long stems. Very popular. 50c each.

J. H. Jackson—One of the finest Cactus Dahlias

CACTUS DAHLIAS

Ambassador—Ivory white.

Countess of Lonsdale—Rich, salmon pink.

Marjorie Castleton—Very fine. Pink.

Golden Gate—One of the best yellow.

J. H. Jackson—Deep velvety black maroon.

Rene Cayeux—Rich geranium red

30c each; 6 (one of each) for \$1.50.

Yellow Duke Decorative Dahlia

DECORATIVE DAHLIAS

Delice—One of the best; soft rose pink.

Jack Rose—Great favorite, rich, old rose color.

Jeanne Charmet—Very beautiful Lilac pink.

Red Hussar—Bright red; continuous bloomer.

White Swan—Pure white; very popular.

Yellow Duke—Beautiful primrose yellow. 30c each; 6 (one of each) for \$1.50.

Golden Glow (See inside of back cover) (E)—Large showy plant, blooms from early summer until frost. Flowers 3½ inches in diameter, double, deep golden yellow color, resembling yellow Chrysanthemums.

20c each; 2 for 35c; 6 for \$1.00.

Delphinium or Larkspur
See inside of back cover

Delphinium (Larkspur)—The flowers are of a beautiful deep blue. Their long showy spikes of flowers persist from June until frost and furnish the most satisfactory blue to any color scheme. 30c each; 6 for \$1.50.

Phlox, Fraulein G. Von Lassburg (Pure White)
La Vague—A beautiful shade of violet.
Champs Elysee—Bright red. A great favorite.

Pantheon—Peerless pink. Extra large.
Caran d'Ache—Variegated with old rose shadings.

R. P. Struthers—Rosy carmine, with dark red eyes.

Fraulein G. Von Lassburg—Pure white. Very large.

Our Phlox are 2 years old, strong and hardy; will bloom the first year.

30c each; 6 (one of each) for \$1.50.

\$20.00 per 100.

Iris, Japan

The flowers of the Japan Iris

are of the richest colors, ranging from white to purple, with delicate markings and veinings. Most delicate and beautiful combinations of colors imaginable.

25c each; 6 for \$1.25.

Lily of the Valley

Lily of the Valley—Will thrive and throw up its beautiful fragrant white bell, in any kind of soil.

10c each; 85c per 10; \$5.00 per 100.

Shasta Daisy—A very hardy perennial, blooming better and more abundantly each season, and continuing to bloom for several months. The pure white flowers are from two and one-half to four inches in diameter, and are borne singly on long, stiff, wiry stems. Strong field-grown plants, 30c each; 6 for \$1.00.

Campanula or Bell Flower
See inside of back cover

Campanula or Bell Flower—Are among the most beautiful perennials in cultivation and are used extensively for border plants. They possess that light transparent grace that is so attractive in a flower. Very free of bloom throughout a long season, and adapted to any garden soil. Especially good for cutting. Blue and White.

30c each; 6 for \$1.50.

NEW GIANT MALLOW MARVELS

Red Flowering Mallow—Of all recent improvements among perennials, this new mammoth flower is the most striking and notable. The colors are wonderfully intensified. The flowers (10 to 12 inches across) are so vividly showy in their bloom as to demand a place in every garden. They are a delight to the eye; are hardy, and come up each year from the roots, developing into a bush 6 to 8 feet high, and have beautiful foliage. 40c each; 6 for \$2.00.

GIANT HOLLYHOCKS

Hollyhocks, King of the Garden—Most ornamental and handsome garden flowers, with their tall spikes dotted with large, double flowers of the most lovely color. Can be used with great effect as borders or against buildings, etc. Double Pink, Red, Yellow, White and Maroon. 30c each; 6 for \$1.50.

Digitalis or Foxglove
See inside of back cover

Digitalis or Foxglove—One of the most widely known and popular plants. The racemes are often two feet in length, containing scores of prettily-spotted thimble-shaped flowers. Very desirable for use in borders or as a background for lower growing plants. 30c each; 6 for \$1.50.

Gaillardia—One of the most gorgeous of all flowering plants. A hard center of deep maroon is thickly bordered with petals of orange and yellow, ringed by circles of crimson red and maroon. 30c each; 6 for \$1.50.

Chicago White and Cracker-Jack

EXTRA CHOICE GLADIOLI

The Best Varieties Grown

Used by Florists for Weddings, Funerals,
Decorations, etc.

Prices—2 for 50c; 10 for \$2.00;
\$15.00 per 100

Evelyn Kirtland—The flowers of strong substance, are beautiful shade of rosy pink, darker at the edges, fading to shell-pink at the center with brilliant scarlet blotches on lower petals; the entire flower showing a glistening, sparkling lustre. Very tall spike. Extra fine form and color.

Herada—Blooms of immense size on tall straight spikes. An intense phlox color, shaded pure purple. Large flowers, many open at one time.

Liebesfeuer—A solid, brilliant scarlet. Many blooms open at one time, on a tall, erect spike. One of the finest and richest colored in existence.

Prince of Wales—Delicate salmon, rich wax-like flowers; one of the first to bloom, and a novelty of great value. Eight or ten blooms open at one time.

Schwaben—This is the largest and strongest flowered yellow Gladiolus. A clear citron yellow, with aster purple tongue on lower petals. Buds sulphur yellow.

White Giant—Tall, immense pure white flower. Healthy strong grower. Its shape resembles an Easter lily. Has frosted appearance by artificial light.

Choice varieties of Gladioli, 2 for 25c; 3 for 35c; 10 for \$1.00; \$8.00 per 100.

America—Too much cannot be said of this beautiful, dainty pink variety. The flowers are of immense size and of wax-like texture, borne on a very strong spike.

Chicago White—Large flower, pure white with faint lavender streak in the lower petals; very early bloomer.

Cracker-Jack—A rich maroon. A fine strong growing variety and a good bloomer.

Hadley—A most attractive early-blooming sort, with large well-opened flowers of delicate salmon pink. Very popular.

Panama—The companion to America, which has become very popular. A perfect Hermosa pink in color, with large wide-open, wax-like flowers.

Princes—(Known as the Thousand Dollar Gladiolus.) Amaryllis-like flowers of a rich dark scarlet marked with white on the lower petals. See inside of back cover.

Yellow Hammer—Flowers delicate sulphur yellow, with darker shade in lower petals. Best Yellow. See inside of back cover.

EVERGREENS

We Have the Finest and Largest Collection of Choice
Evergreens in the Country

They are dug with ball of earth, and roots wrapped in burlap. ALL SPECIMEN PLANTS.

Irish Juniper

Irish Juniper
—A distinct and beautiful variety, of erect, dense conical outline, resembling a pillar of green; very desirable.
2½ to 3 ft. \$1.50 each.

4 feet (Extra Heavy Specimens) \$5.00 ea.

Globe Arbor Vitae—Forms a natural Evergreen globe or ball without any trimming; very pretty and hardy.

18 to 24 in., \$4.00 each.

24 to 30 inch (Specimens) \$5.00 each.

Compacta Arbor Vitae

Compacta Arbor Vitae—Of dwarf, compact form; light green foliage. Neat and attractive. Useful for beds, borders or around porches. 15 to 18 in. \$3.00 each.

Juniper Pfitzeriana—A beautiful new Evergreen of spreading, graceful habit, with silvery green color. Both the main stems and lateral shoots have a light feathery appearance. Distinctive and charming.

18 to 24 in. \$4.00
3 to 4 ft. (Heavy Specimens) .. \$8.00

Douglas' Golden Juniper—Of spreading growth, with bright golden foliage throughout the year; a distinct and charming variety. 2½ to 3 ft. \$5.00 each.

Savin Juniper

Savin Juniper—A low spreading tree, with handsome, dark green foliage. Very hardy and suitable for lawns and around porches. Can be pruned to any desired shape.

18 to 24 in. \$4.00 each.
2 to 2½ ft. \$5.00 each.

Juniper Swedish (Suecica)—Dwarf, compact habit; with bluish-green foliage. Forms a beautiful pyramidal tree. Holds its color in winter.

18 to 24 in. \$4.00 each.

Retinospora Aurea

Retinospora Aurea (Golden Japan Cypress)—One of the few really golden Evergreens. A plant of great beauty. Foliage soft plume like; close and compact habit.

18 to 24 in. \$4.00
2 to 3 ft. (Specimen) \$5.00
3 to 4 ft. (Specimen) \$8.00

Retinospora Plumosa—An exceedingly handsome Evergreen from Japan with feathery, light green foliage; compact habit.

2 to 3 ft. (Specimen) \$5.00
3 to 4 ft. (Specimen) \$6.00
4 to 5 ft. (Heavy Specimen) \$8.00

Occidentalis Arbor Vitae

Occidentalis Arbor Vitae—A well known variety of great value; forms an upright, conical tree of only medium size. A rapid grower. Excellent specimen for planting in tubs, or on the lawn.

4 to 5 ft. (Specimen) \$8.00 each.

Pyramidal Arbor Vitae—One of the most beautiful varieties, very erect and regular in form, resembling the Irish Juniper; foliage a deep green color, well retained in winter; perfectly hardy. Unlike the Juniper it is easily transplanted, and sure to give satisfaction. 4 to 5 ft. (Specimens) \$8.00 ea.

Strobus White Pine—The most ornamental of all our native pines; foliage light, delicate or silvery green; flourishes in the poorest soils. 3 to 4 ft. (Specimens) \$5.00 ea.

Mughus—Dwarf Mountain Pine. Low, dense and spreading in growth, usually broader than its height. One of the most attractive and valuable of our dwarf evergreens. 24 x 24 in. \$5.00 each.

Thuja American Arbor Vitae

Thuja American Arbor Vitae—Erect pyramidal habit; soft, dark green foliage. Dense from ground up. Rapid grower; hardy. Excellent specimen for planting in tubs. 5 to 6 ft. (Heavy Specimens, Trim'd) \$8.00 ea.

George Peabody Arbor Vitae—A beautiful golden variety. 18-24 in. (Specimens) \$5.00 each.

Siberian Arbor Vitae

Siberian Arbor Vitae—A superb variety; somewhat similar to American, with heavier and fuller foliage and more compact habit. It holds its color during winter and bears trimming well. One of the hardiest.

18 to 24 inches \$4.00 each.
2 to 2½ ft. (Specimens) . . . \$5.00 each.

Canadensis, Hemlock

Canadensis (Hemlock Spruce)—A remarkably graceful and beautiful native tree, with drooping branches, and delicate dark foliage, like that of the Yew; distinct from all other trees. A handsome ornamental tree.

3 to 4 ft. \$6.00
4 to 5 ft. (Specimens) . . . \$9.00
5 to 6 ft. (Heavy Specimens) . . . \$12.50
6 to 7 ft. (Heavy Specimens) . . . \$15.00

Woodlawn Grass Seed Mixture

We take special pride in our Lawn Seed Mixtures. They are composed of the very best grades of Blue Grass, Red Top, White Clover and other desirable varieties; no cheap or light seed of any description is used.

There is a big opportunity for adulteration in lawn grass seed. Mixtures are very often composed of light seed of cheap grades, chaff that won't grow, and practically no white clover. We advise our customers, who wish a perfect lawn, to purchase Woodlawn Grass Seed. One pound will seed about 300 square feet.

1 lb. 50c prepaid; 5 lbs. \$2.00; 1 bushel (20 lbs.) \$7.00, not prepaid. Bags extra—5 lb. bags 15c each; 20 lb. bags 25c each.

PULVERIZED SHEEP MANURE

Our special brand Pulverized Sheep Manure is put up in bags of the following sizes:

5 lbs.	\$0.40	100 lbs.	\$ 3.50
12½ lbs.75	500 lbs.	15.00
25 lbs.	1.25	1,000 lbs.	27.50
50 lbs.	2.00	2,000 lbs.	50.00

For liquid manure, 1 pound to 5 gallons of water, used once a week. For greenhouse or house plants, mix one part to 10 parts soil.

TESTED SEEDS

All our seeds are tested before they are sent out. We do not use any seeds in filling orders that do not prove at least 96% fertile.

Our Flower and Vegetable seeds are of the highest standard and quality you can buy.

We are going to keep our seeds up to the highest standard so our customers will know where to get reliable seeds.

WOODLAWN NURSERIES.
Allen L. Wood.

GENESEE TANKAGE FERTILIZER

The past season we have tested this fertilizer on our own grounds and also in our landscape work, and like it better than any other fertilizer we have used. We have sold several tons of it to landscape gardeners, who pronounce it the best they have ever used.

It enriches the soil and is excellent for putting around shrubs, trees, etc, in the fall. It keeps lawns green and makes gardens produce the finest vegetables and flowers. It is free from seeds, and will not burn the grass or plants. Quickly dissolves and disappears from the surface when lawns and gardens are watered.

POSTAGE ON SEEDS PREPAID ON PACKET, OZ. AND LBS., EXCEPT WHERE OTHERWISE NOTED. If larger quantities are wanted by parcel post, add 7c per lb.

BEANS

CULTURE—A light loam is best adapted to a perfect bean crop. Plant as soon as the ground has become thoroughly warm in rows from two feet for hand cultivation to three feet apart for horse cultivation. Cultivate often, keeping a mulch of loose soil at all times. When beans are in bloom cultivate shallow, as deep cultivation causes many blossoms to drop, decreasing the yield. One pound for fifty feet of rows.

BUSH LIMA BEANS

Packet 10c; $\frac{1}{2}$ lb. 25c; 1 lb. 40c, prepaid. 10 lbs. or more 25c per lb.

Fordhook Bush Lima—Without doubt the best Bush Lima. Earlier than the Pole Lima by ten days. Excellent quality.

Burpee's Bush Lima—A popular variety of Bush Limas, growing only 18 to 20 inches high. Very productive, with pods and beans of the same shape and as large as those of the pole Limas, of excellent quality.

POLE BEANS

Old Homestead (Kentucky Wonder)—Ten days earlier than any other green-podded pole

bean. Pods 8 to 10 inches long, entirely stringless.

Packet 10c; $\frac{1}{2}$ lb. 25c; 1 lb. 40c, prepaid. 10 lbs. or more 25c per lb.

YELLOW-PODDED BUSH BEANS

Packet 10c; $\frac{1}{2}$ lb. 25c; 1 lb. 35c, prepaid. 10 lbs. or more 25c per lb.

Refugee Wax—One of the best Beans for the home garden or market. The pods are long, round and wax-like; perfectly stringless, tender and of the finest quality. Comes into bearing about 40 days after planting. See colored picture on inside of front cover.

Rustless Golden Wax—Its fine quality, hardiness, productiveness, make it a general favorite.

GREEN-PODDED BUSH BEANS

Packet 10c; $\frac{1}{2}$ lb. 25c; 1 lb. 35c, prepaid. 10 lbs. or more 25c per lb.

Improved Stringless Green-Pod—Too much cannot be said in favor of this most excellent variety. Absolutely stringless and very tender.

Bountiful—Of superior quality, early and productive. Its pods remain in an edible condition for a long time.

Detroit Dark Red—See page 47

BEETS

Sow seed about one inch deep in drills 15 inches apart; when the plants are 3 to 4 inches high, thin them to stand about 6 inches apart in a row. One ounce of seed will sow 50 feet of drill; 5 pounds per acre.

Extra-early Crosby's Egyptian—An extra-early strain of the old favorite, Crosby's Egyptian; globe shaped, and of better quality than the parent.

Packet 5c; 1 oz. 20c; ¼ lb. 50c; 1 lb. \$1.50, prepaid.

Detroit Dark Red—One of the best turnip-shaped Beets for the market and home garden and winter storage. Flesh rich red, fine grained, without a hard core; uniformly smooth and of medium size.

Packet 5c; 1 oz. 20c; ¼ lb. 50c; 1 lb. \$1.50, prepaid.

Mangel-Wurzel—Also called Mangel; Cattle and Field Beet. May be grown in almost any soil, but deep loams are necessary for heavy yields of the long varieties.

1 oz. 10c; ¼ lb. 30c; 1 lb. 90c, prepaid.

CAULIFLOWER

Seed may be sown as directed for cabbage. The soil in which the plants are grown should be heavily fertilized; supply water freely in dry weather when the heads begin to form. One ounce of seed will produce about 3,000 plants. Set plants 24 to 30 inches apart.

Early Snowball

Early Snowball—A dwarf variety producing magnificent big heads of the finest quality. Desirable for both the garden and market.

Packet 15c; ¼ oz. \$1.00; ½ oz. \$1.75, prepaid.

CABBAGE

More money can be lost by a gardener who plants poor Cabbage seed than with almost any other vegetable. Our seed is absolutely new stock from the best professional growers.

Early Cabbage should be started under glass in March; late varieties in the open ground in May. Allow a space of 18 inches between plants, with 24 inches between rows. One ounce of seed will produce about 3,000 plants; about 4 ounces to the acre.

Copenhagen Market

Copenhagen Market—For home gardens and market; early, solid head, short stems.

Packet 10c; ¼ oz. 20c; 1 oz. 40c; ¼ lb. \$1.00; 1 lb. \$3.00, prepaid.

All Seasons—Unsurpassed for medium early or main crop variety; heads large, nearly round, extremely solid; fine quality.

Packet 10c; ¼ oz. 20c; 1 oz. 40c; ¼ lb. \$1.00; 1 lb. \$2.75, prepaid.

Improved Danish Ballhead (short stem)—A winter variety of the very greatest popularity. Heads solid, with few outer leaves, and will weigh 25 per cent. more than any other Cabbage of equal size. Our strain of this variety is unsurpassed. See colored picture on inside front cover.

Packet 10c; ¼ oz. 20c; 1 oz. 40c; ¼ lb. \$1.00; 1 lb. \$2.75, prepaid.

Mammoth Rock Red—The old fashioned red Cabbage; heads large, round and solid.

Packet 5c; ¼ oz. 20c; 1 oz. 40c; ¼ lb. \$1.00; 1 lb. \$2.75, prepaid.

Improved American Savoy—Leaves curled and crinkled; dark green in color. The best of all the Savoy Cabbages.

Packet 5c; ¼ oz. 20c; 1 oz. 40c; ¼ lb. \$1.00; 1 lb. \$2.75, prepaid.

CHINESE, or PE-TSAI

A new Celery-Cabbage recently introduced from the Orient. Resembles Cos Lettuce in habit of growth. Served as cold slaw, salad, or cooked like cabbage.

Packet 5c; ¼ oz. 20c; 1 oz. 40c; ¼ lb. 85c; 1 lb. \$2.50, prepaid.

CELERY

Celery seed is very slow in germinating; should be sown under glass in March for the first crop, and about the middle of April in the open ground for later crop. Cover not more than a quarter of an inch, keep the bed moist and partially shaded. When plants are large enough to handle, transplant to 4 inches apart; about the middle of June set in permanent rows 3 to 4 feet apart and 6 inches in the rows. One ounce of seed will produce about 4,000 plants.

Paris Golden Dwarf Self-blanching

Paris Golden Dwarf Self-blanching—A dwarf variety of rapid growth; is ready for use earlier than other sorts and also desirable for late planting. Rich golden color, crisp, with solid brittle hearts. One of the very best varieties for market or home garden. French Seed.

Packet 10c; $\frac{1}{2}$ oz. 60c; 1 oz. \$1.00; $\frac{1}{4}$ lb. \$3.00, prepaid.

Winter Queen—Robust and stocky, requires little labor to blanch clear white. Stalks solid and crisp, with little foliage and therefore slight waste. A splendid keeping variety.

Packet 5c; $\frac{1}{4}$ oz. 20c; 1 oz. 40c; $\frac{1}{4}$ lb. 75c., prepaid.

CARROTS

Sow Carrot seed in early April for the first crop, and continue the sowing till June for later crops. Sow in drills 14 inches apart, cover seed about $\frac{1}{2}$ inch, and when the plants are up thin to 4 inches apart in a row. An ounce of seed will sow about 100 feet of drill, three or four pounds to an acre.

Danvers Half-Long—Semi-stump-rooted, dark orange; smooth; has yielded 25 to 30 tons per acre.

Packet 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.25, prepaid.

CARROTS—(Continued)

Chantenay Stump-rooted—Six to seven inches long, thicker than other sorts; flesh orange red, free from core. One of the best for market or home garden. See colored picture on inside front cover.

Packet 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.25, prepaid.

EGGPLANT

One ounce of seed produces about 2,000 plants.

Improved New York Purple—One of the best for garden culture. Fruits large, round or slightly oval, dark purple.

Packet 10c; $\frac{1}{2}$ oz. 40c; 1 oz. 75c; $\frac{1}{4}$ lb. \$2.50, prepaid.

LETTUCE

Big Boston

Big Boston—The most valuable Lettuce for the market gardener and home garden. Splendid large, solid heads blanching to a creamy yellow; leaves crisp, tender, few waste outside leaves.

Packet 10c; 1 oz. 20c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.75, prepaid.

Crisp as Ice—Large, round, solid heads; outer leaves green, heart rich creamy yellow. A perfect home-garden variety.

Packet 10c; 1 oz. 25c; $\frac{1}{4}$ lb. 60c; 1 lb. \$2.00, prepaid.

Prize Head—A loose-heading variety: curly leaves, edged brown. One of the best varieties for the home garden.

Packet 10c; 1 oz. 20c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.75, prepaid.

Black-seeded Simpson—A good variety for growing under glass or in the open ground. Heads of good size; outer leaves green, golden yellow heart.

Packet 10c; 1 oz. 20c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.75, prepaid.

Cos, or Romaine—Leaves long and conical, requiring to be tied up; the center soon forms a solid head, turning to snowy whiteness.

Packet 10c; 1 oz. 20c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.75, prepaid.

SWEET CORN

Early Golden Bantam

Early Golden Bantam—The most famous of the early sweet corns. Stalks from 3 to 4 feet high, usually bearing two ears, which are filled to the tip with creamy yellow, sweet kernels.

Packet 5c; $\frac{1}{2}$ lb. 20c; 1 lb. 30c, prepaid.
5 lbs. \$1.00; 10 lbs. \$1.85.

Stowell's Evergreen—The standard main crop Sweet Corn for the home garden or for the market. Ears large size with deep kernels, remaining fresh and edible longer than any other variety. See colored picture on inside of front cover.

Packet 5c; $\frac{1}{2}$ lb. 20c; 1 lb. 30c, prepaid.
5 lbs. \$1.00; 10 lbs. \$1.85.

Golden Nugget—(Second early). Similar to Golden Bantam, planted at the same

time produces its crop about a week later. Ears larger and more prolific but of the same quality and rich creamy yellow color. Certainly it is its equal in every respect, and is unsurpassed as a home-garden corn.

Packet 5c; $\frac{1}{2}$ lb. 20c; 1 lb. 30c, prepaid.
5 lbs. \$1.00; 10 lbs. \$1.85.

Black Mexican—Splendid variety for the home garden. Unusually sweet and prolific. Kernels mixed, black, blue, and white, but turn white when cooked.

Packet 5c; $\frac{1}{2}$ lb. 20c; 1 lb. 30c, prepaid.
5 lbs. \$1.00; 10 lbs. \$1.85.

Early Evergreen—Earlier than Stowell's Evergreen and equally good in other respects.

Packet 5c; $\frac{1}{2}$ lb. 20c; 1 lb. 30c, prepaid.
5 lbs. \$1.00; 10 lbs. \$1.85.

POP CORN

White Rice—Ears 6 to 8 inches long, shapely, pointed kernels, resembling grains of rice. The Corn when popped is pure white.

Packet 5c; $\frac{1}{2}$ lb. 20c; 1 lb. 30c, prepaid.
5 lbs. 90c; 10 lbs. \$1.60.

CUCUMBER

Sow seed in warm, moist, light soil, in hills 4 feet apart each way; use 15 to 20 seeds to a hill, thinning to a half dozen plants when strong enough to resist the attacks of Cucumber beetle. One ounce will plant about 100 hills; two pounds to the acre.

Improved Early White Spine—Valuable for forcing or outdoor planting. Early, good sized, smooth and straight. Deep green color, seldom turning yellow.

Packet 10c; 1 oz. 25c; $\frac{1}{4}$ lb. 60c; 1 lb. \$1.75, prepaid.

Improved Long Green—Extensively used for pickling. Fruits dark green, uniform in shape and size, frequently 12 inches long. Extremely free bearing.

Packet 10c; 1 oz. 25c; $\frac{1}{4}$ lb. 60c; 1 lb. \$1.75, prepaid.

Japanese Climbing—May be grown on a trellis as a screen. Fruits large, 10 to 12 inches long; excellent when sliced in salads or as pickles.

Packet 10c; 1 oz. 25c; $\frac{1}{4}$ lb. 65c; 1 lb. \$2.00, prepaid.

ENDIVE

Sow in drills a foot apart; when the plants are 2 to 3 inches high, thin to about 10 inches. When full grown the leaves should be tied together, thus allowing the heart to blanch.

Moss Curled—Foliage dark green, finely curled.

Packet 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.75, prepaid.

Broad-leaved Batavian (Escarolle)—Leaves thick, either plain or slightly wrinkled.

Packet 5c; 1 oz. 20c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.75, prepaid.

FRENCH ENDIVE OR CHICORY.

French Endive—A delicious vegetable; very popular as a salad or can be used as greens, the same as beets or dandelions.

Packet 10c; ½ oz. 25c; 1 oz. 40c; ¼ lb. \$1.00, prepaid.

MUSKMELONS

Plant in hills 6 feet apart each way, placing six to eight seeds in a hill; thin to about 3 plants in a hill. When the vines are 12 to 18 inches long, pinch the tips to make them branch. One ounce will plant 80 hills; one pound for an acre.

Irondequoit—The finest yellow-fleshed melon on the market. Fruits unusually large, fairly smooth skin, turning yellow when ripe. Flesh rich salmon yellow, sweet and of a most delicious flavor. Commands a higher price than any other variety.

See colored picture on inside of front cover.

Packet 15c; ½ oz. 25c; 1 oz. 40c; ¼ lb. \$1.00; 1 lb. \$3.00, prepaid.

Emerald Gem—Smooth, emerald green skin; flesh salmon, ripening clear through to the rind.

Packet 5c; 1 oz. 20c; ¼ lb. 50c; 1 lb. \$1.50, prepaid.

Rocky Ford—Extra early; slightly oval in shape, ribbed and covered with a coarse netting. Valuable shipping variety.

Packet 5c; 1 oz. 25c; ¼ lb. 65c; 1 lb. \$2.00, prepaid.

WATERMELON

Prices—Packet 5c; 1 oz. 15c; ¼ lb. 40c; 1 lb. \$1.25, prepaid.

Cultivation similar to muskmelon; hills should be 6 to 8 feet apart. One ounce will plant 25 to 30 hills, one pound to the acre.

Cole's Early—Best for home garden and nearby market, as it is too tender for shipping. Flesh deep red; ripens clear to the rind.

Kleckley Sweets—One of the finest Watermelons, 18 to 20 inches through; skin dark green, flesh bright scarlet.

Citron (For Preserves)—Small round fruits, white flesh.

SPINACH

Prices—Packet 5c; 1 oz. 15c; ¼ lb. 35c; 1 lb. 75c, prepaid.

For early spring sow seed in August or September, protecting the plant during the winter. For summer use sow in early spring; thin to 3 inches apart. For succession sow every two weeks. One ounce will sow 100 feet of drill, about 10 pounds to the acre.

Long Season—A warm weather variety; compact, with short stems; leaves thick, well crinkled, dark green.

Bloodsday Savoy-leaved—Especially adapted for fall sowing; leaves wrinkled and curled.

ONIONS

Packet 10c; ½ oz. 25c; 1 oz. 40c; ¼ lb. 85c; 1 lb. \$2.75, prepaid.

For best development Onions require rich, mellow soil. Sow thinly in shallow drills as soon as possible in the spring; when of fair size, thin to about 4 inches apart. Successful plantings can be made till July. One ounce of seed will sow about 100 feet of drill, 3 pounds to the acre.

Southport White Globe—Clear white skin and flesh; quite mild. A good shipper and a better keeper than many white sorts.

Southport Red Globe—A favorite sort where there is a demand for red varieties; globe shaped, medium large size, with smooth skin and small neck; flesh white.

Danvers Yellow Globe—Extra-large, thick bulb, slightly flattened at the bottom, full oval top and small neck; skin yellowish brown, flesh clear white. The seed we offer is from selected stock and is a distinctly fine strain.

Mammoth Prizetaker

Mammoth Prizetaker—The largest of all Onions, often 15 to 18 inches in circumference. Desirable for fall and early winter; flesh pure white, similar to the Bermudas.

American Silver Skin—Very popular as a pickling Onion, for use in salads, and for bunching. Medium size, mild flavor, and beautiful, clear white skin.

PARSLEY

Sow in drills a foot apart, thinning the plants to 3 or 4 inches. Seed germinates slowly. One ounce of seed to 100 feet of drill.

Extra Triple-curved—Pale green, extra-curved and crimped; dwarf and compact.

Packet 5c; 1 oz. 15c; ¼ lb. 50c; 1 lb. \$1.50, prepaid.

GARDEN PEAS

Sow early in spring, and follow every two or three weeks until late July. One pound will sow 40 feet of drill.

Packet 10c; $\frac{1}{2}$ lb. 25c; 1 lb. 40c; 10 lbs. or more 21c per lb.

Nott's Excelsior

Nott's Excelsior—This well known and valuable sort begins to bear early and continues to bear for a long time. Pods good sized and well filled. Plants about 16 inches tall.

Thomas Laxton—Extra early, strong. Large blunt pods, well filled with quality peas.

Extra-early Premium Gem—An old favorite, very productive, pods large and well filled.

Telephone—The Standard main crop variety; heavy bearer of large pods, containing 6 to 7 peas.

Champion of England—A late variety; pods good size, filled with green wrinkled peas. Vines 5 feet high.

PARSNIP

Seed germinates slowly; may be sown very early in the spring, in drills about 18 inches apart and a half an inch deep; thin to 8 inches in the row. One ounce of the seed will sow 200 feet of drills, 5 pounds to the acre.

Long Hollow Crown—A standard variety for home garden and market purposes. Long, smooth, hardy, keeping through the winter with little protection.

Packet 10c; 1 oz. 25c; $\frac{1}{4}$ lb. 60c; 1 lb. \$1.75, prepaid.

PEPPER

Better plants are obtained when the seed is sown in a hotbed or under glass. Plants may be set in the open ground after the weather is warm, spacing about 2 x 3 feet. One ounce of seed will produce about 1,500 plants.

Packet 10c; $\frac{1}{2}$ oz. 40c; 1 oz. 65c; $\frac{1}{4}$ lb. \$2.00, prepaid.

Chinese Giant

Chinese Giant—Largest of all Peppers; mild, bright scarlet, flesh thick and sweet. A very popular table variety for making "stuffed peppers" or "mangoes." Plant is strong-growing and productive.

Large Bell, or Bull Nose—Quite early, nearly as large as Chinese Giant. Fruit thick, mildly flavored. See colored picture on inside front cover.

Long Red Cayenne—Late; fruit small, cone shaped, bright scarlet; hot.

RADISH

Rapid growth is demanded if good bulbs are to be secured. A light sandy soil is best for early Radishes. Successive sowings may be made every ten days or two weeks. One ounce will sow 100 feet of drill.

White Icicle

White Icicle—The best of the long white varieties, crisp and brittle. Suitable for growing under glass and in the open garden.

Packet 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.25, prepaid.

RADISHES—Continued

Prices—Packet 10c; 1 oz. 20c; $\frac{1}{4}$ lb. 50c; 1 lb. \$1.50, prepaid.

Early Scarlet Globe—Probably more of this variety is grown than of any other Radish. Skin is rich, bright scarlet; flesh white, fine-grained. One of the leaders for market gardeners. See colored picture on inside of front cover.

Scarlet Turnip White Tip—Medium size, bright scarlet with a distinct white tip, flesh white, matures in about 25 days.

Long Brightest Scarlet—Brilliant scarlet, white flesh; 3 to 4 inches long.

SWISS CHARD

Used extensively as "greens," prepared for the table the same as spinach. Seeds should be sown in April or May. One ounce of seed will sow about 50 feet of drill.

Large-ribbed Yellow Brazilian—Foliage quite tall, and is marked with golden yellow veins.

Packet 10c; 1 oz. 20c; $\frac{1}{4}$ lb. 45c; 1 lb. \$1.40, prepaid.

SQUASH

Prices—Packet 10c; 1 oz. 25c; $\frac{1}{4}$ lb. 60c; 1 lb. \$1.75, prepaid.

Mammoth Bush Summer Crookneck—Extra large, 15 to 20 inches long, rich golden yellow.

Improved Hubbard—Larger than the old Hubbard; outer skin deep green, flesh golden yellow, finely grained. Extra heavy. See colored picture on inside of front cover.

PUMPKIN

The usual way to grow Pumpkins is by planting the seed in the corn field, dropping two or three seeds in every third or fourth hill. One ounce will plant a dozen hills, two or three pounds for an acre.

Sugar, or Pie—10 to 12 inches in diameter, slightly flattened at either end; skin orange, flesh yellow.

Packet 10c; 1 oz. 20c; $\frac{1}{4}$ lb. 45c; 1 lb. \$1.40, prepaid.

Connecticut Field—Extra large, orange color.

Packet 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 40c; 1 lb. \$1.00, prepaid.

TOMATO

Sow seed in hotbeds, or in boxes in a warm room; transplant when about 2 inches high into flats or single pots and place in cold frames. Transplant to the open ground about the middle of May to June 15th, setting the plants about 4 feet apart every way. One ounce of seed will produce about 1,000 plants.

Bonney Best—Color intense glowing scarlet; ripens to the stem without crack or black spot. Desirable for market or home use.

Packet 10c; $\frac{1}{2}$ oz. 20c; 1 oz. 35c; $\frac{1}{4}$ lb. \$1.25; 1 lb. \$3.25, prepaid.

Dwarf Champion—Fruits medium size, smooth, purplish carmine; plants dwarf.

Packet 10c; $\frac{1}{2}$ oz. 25c; 1 oz. 40c; $\frac{1}{4}$ lb. \$1.25; 1 lb. \$4.25, prepaid.

John Baer

John Baer—Among the first earlies; round, smooth, bright scarlet. Desirable for both market use and home garden.

Packet 10c; $\frac{1}{2}$ oz. 20c; 1 oz. 35c; $\frac{1}{4}$ lb. \$1.00; 1 lb. \$3.00, prepaid.

VEGETABLE OYSTER

Vegetable Oyster

Vegetable Oyster—Grows the same as parsnip and is one of the best and most nutritious of our vegetables. It has a most distinct oyster flavor and is delicious fried or served in soups. It is a good remedy for indigestions; to preserve its medicinal value, boil whole, then peel, slice and prepare in your favorite way.

Packet 10c; 1 oz. 30c; $\frac{1}{4}$ lb. 75c; 1 lb. \$2.25, prepaid.

TOMATO—Continued

Improved Stone

Improved Stone—Better than the old Stone because of size, weight and color; fruits perfectly smooth, ripens to the stem and especially desirable for canning purposes.

Packet 10c; $\frac{1}{2}$ oz. 20c; 1 oz. 35c; $\frac{1}{4}$ lb. \$1.00; 1 lb. \$3.00, prepaid.

Ponderosa—Possibly the largest of all varieties, often weighing three pounds each; solid, meaty, few seeds; reddish purple.

Packet 10c; $\frac{1}{2}$ oz. 25c; 1 oz. 45c; $\frac{1}{4}$ lb. \$1.50; 1 lb. \$4.50, prepaid.

TURNIP

For early crops sow seed as soon as the land can be worked. For main crop and winter use sow seed in July and August. Drills are usually made 12 to 14 inches for garden culture; for field culture 24 to 30 inches. For early crops plants should stand 2 to 3 inches apart and for field crops 4 to 5 inches. Do not use fresh manure as a fertilizer. One ounce of seed for 150 feet of drill; two pounds to the acre.

Purple-Top White Globe—Flesh firm, fine grain, sweet and mild. Desirable for table, unsurpassed for stock.

Purple-Top Strap-Leaf—Quick grower valuable for spring planting; flesh and skin white, changing to purple above ground.

Packet 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 35c; 1 lb. \$1.00, prepaid.

RUTABAGA (Swede Turnip)

Used principally for stock feeding. Cultivation is the same as for turnips.

Imperial Purple-Top Yellow—Large, yellow, with purple top; one of the best.

Packet 5c; 1 oz. 15c; $\frac{1}{4}$ lb. 35c; 1 lb. \$1.00, prepaid.

Flower Seed Department

ASTERS

We offer only the very best varieties. Our seed is absolutely fresh 1922 stock, strictly true to name. Postage on seeds prepaid on packet, oz. and lbs. except where otherwise noted.

American Beauty Lavender

AMERICAN BEAUTY

This beautiful Aster should be in every garden. It is one of the finest in cultivation. The flowers are very large and full, erect and sturdy. We offer American Beauty Asters in four colors. Lavender, purple, shell-pink and rose.

Packet 15c; 2 for 25c. Mixed colors, packet 15c; 2 for 25c.

IMPERIAL ASTERS

Imperial—A class of Asters blooming about midseason. Their delicacy of color, profusion of bloom, and the extreme doubleness make the flowers especially valuable for cutting.

Daybreak—Most delicate pink.

Purity—Double, and white as snow.

Rose—Light rose, with a silvery sheen.

Blue—A distinct novelty; the flowers are a pronounced bright blue.

Lavender—An extremely dainty tint of lavender which becomes quite pronounced as the blooms mature. Packet 15c; 2 for 25c.

Mixed Colors—All the above colors mixed in one packet, 15c; 2 for 25c.

NEW ASTER, HEART OF FRANCE

The best pure red Aster ever introduced. Heart of France opens red as the purest ruby, deepens with age and retains its remarkable beauty to the very end. The flowers are large and full, with never a trace of hollow center. The plants are of branching type and robust habit and the stems are long and strong, and have very few laterals. The plants begin to bloom quite early in the season and open fully with the midseason varieties.

Packet 20c; 2 for 35c.

ROYAL ASTER

Royal Aster—For the home garden or for commercial purposes this Aster is unsurpassed. The colors include:

Royal White	Royal Shell-Pink
Royal Lavender	Royal Purple
Royal Rose	Packet 10c.

Mixed Colors—All of the above colors mixed in one packet, 15c; 2 for 25c.

Imperial Aster Purity

Late Branching Aster

Late Branching—This superb class of Asters still holds its popularity despite the introduction of many later novelties. The blooms are borne on long stems, making it extremely valuable for cutting. The plants frequently cover a space of 3 feet, and should be allowed ample room to develop to full size. The colors include:

Snow-White Shell-Pink
Lavender Purple

Rose Packet 15c each.

Mixed Colors—All of the above colors mixed in one packet, 15c; 2 for 25c.

KING ASTERS

A class entirely distinct from other Asters. The petals are long and narrow and so closely rolled that they look like a quill. Violet King was the first introduced and created a distinct sensation. This was soon followed by the Rose King, and later the other colors were added.

Violet King Pink King
Lavender King White King
Rose King Crimson King

Packet 15c; 2 for 25c. Mixed colors, packet 15c; 2 for 25c.

CANDYTUFT

Empress—Large, white, free grower. Packet 10c.

Mixed varieties in 6 colors—Packet 5c; ½ oz. 25c; 1 oz. 40c.

ROCHESTER ASTER

Rochester—The blooms are similar to the old Comet Asters, excepting that they are of immense size, possibly the largest Aster introduced. This class seems to be the only strong rival of the favorite Branching Asters.

Lavender Pink — The first of the "Rochester" class. The Chamber of Commerce of this city adopted it as the official flower. The color is a rich shade of lavender-pink; the petals are narrow and graceful, reflexed like a chrysanthemum.

White—Flowers fully as large as those of the preceding variety; pure white.

Violet — An unusual shade of rich violet; effective in masses or in cut-flower work.

Lavender—Light lavender.

Rose—Color a pronounced shade of light rose.

Mixed—The preceding five colors in mixture.

Packet 15c; 2 for 25c.

Alyssum

Used for borders, rock-work and baskets. Seed may be sown in early spring for summer blooming, or in August for winter blooming indoors.

Sweet—Pure white flowers, extremely fragrant.

Packet 10c; ½ oz. 25c; 1 oz. 40c.

Little Gem—Seldom over 6 inches high; fragrant white flowers. Packet 10c; ¼ oz. 25c.

Gold Dust—Bright yellow flowers.

Packet 10c; ¼ oz. 25c; 1 oz. 75c.

Early Giant White Cosmos

EARLY GIANT-FLOWERING COSMOS

Beautiful, fall-blooming plants, bearing great numbers of large, lovely flowers in many colors. Hardy, rapid-growing plants, 4 to 6 feet high. Sow seed in spring when danger from frost is past. Blooms from July to late fall.

Early Giant White. Pkt. 10c.

Early Giant Pink. Pkt. 10c.

Early Giant Crimson. Pkt. 10c.

Mixed Colors. Packet 10c.

BALSAM (Lady Slipper)

Plants grow from 18 inches to 2 feet in height; large, double flowers of brilliant colors; among the showiest annuals.

Camellia-flowered—Extra large blooms; many colors. Packet 10c.

White Perfection—Large, white flowers, perfectly double. Packet 10c.

Mixed Colors. Packet 10c.

CALLIOPSIS

Plants about 10 inches high, and a mass of bloom all summer. Desirable for cutting. Mixed Colors. Packet 10c.

CARDINAL CLIMBER

THE MOST BEAUTIFUL AND BRILLIANT ANNUAL CLIMBER EVER SENT OUT.

A strong rapid grower, attaining a height of thirty feet or more, with beautiful fernlike lacinated foliage, covered with fiery cardinal-red flowers from midsummer till frost. The flowers are about 1½ inches in diameter, and are borne in clusters of five to seven blossoms each. It delights in a warm, sunny situation and good soil. Packet 15c.

HELIOTROPE

Both the flowers and the foliage are deliciously fragrant; long sprays are useful for cutting. Seed sown early will produce blooming plants for bedding. Choice mixed colors. Packet 10c.

SNAPDRAGON

Blooms nearly all summer, and succeeds best in a light soil in full sun. Will bloom the first year, if the seed is sown in the early spring. Plants should be protected during the winter.

Brilliant Red—Flowers spike like a flaming torch, almost covered with the full, double blooms. Packet 10c.

Silver Pink—The best variety for cutting; delicate pink with a silvery sheen. Packet 10c.

Queen Victoria Snapdragon

Queen Victoria—A superb, pure white variety, extra large blooms. Packet 10c.

Yellow—A pronounced rich yellow of extreme beauty. Packet 10c.

Mixed Colors. Packet 10c.

White Plains, N. Y., Apr. 1, 1922.
Allen L. Wood,
Rochester, N. Y.

Dear Sir:

I have received all the trees, plants and seeds, for which I sent. I thank you sincerely for sending me such fine plants and for promptness and care in packing and sending them.

Yours truly,
(Signed) MISS G. ALBORO.

African Marigold

MARIGOLD

The African varieties are quite tall, and produce many large, brilliantly colored blooms. Seed should be sown in rows in the open ground early in the spring or in the house in March and transplanted to the garden later. The flowers of the African varieties are large and self-colored.

Mixed Varieties. Packet 5c; $\frac{1}{4}$ oz. 25c.

FRENCH MARIGOLD

The French Marigolds are smaller than the African varieties; the blooms are striped and shaded with varying colors. Double Varieties Mixed. Packet 5c; $\frac{1}{4}$ oz. 25c.

CARNATIONS

Marguerite—Like the winter blooming Carnations, but bloom the first year from seed. A great variety of beautiful shades and fragrant double flowers. Plants can be taken up in pots for winter blooming. Mixed Colors. Packet 10c.

VERBENA

Hybrida—One of the best garden plants, but may also be grown in porch or window-boxes. Flowers are delicately colored and sweet scented. Packet 10c; $\frac{1}{8}$ oz. 30c.

Mammoth Varieties, Mixed—Packet 10c; $\frac{1}{8}$ oz. 30c.

MARVEL OF PERU

The flowers of the Four O'clocks are easily grown from seed, which should be sown where the plants are desired, as they are not readily transplanted. The blooms open in the late afternoon, remaining during the whole night. Mixed Colors. Packet 5c; $\frac{1}{2}$ oz. 20c.

MIGNONETTE

A delightfully fragrant, hardy annual, blooming the entire season in the flower border; also fine for pot culture during the winter and spring.

Sweet—The familiar and popular Sweet Mignonette. Packet 5c; $\frac{1}{2}$ oz. 20c.

FORGET-ME-NOT

Alpestris—May be grown as a perennial if slightly protected in winter. Flowers azure blue. Packet 10c.

Alpestris, Indigo Blue — Packet 10c.

Palustris—The true Forget-me-not. Flowers deep blue. Packet 15c.

Perfection—Bright blue flowers; desirable for edgings. Packet 20c.

Mixed Varieties. Packet 10c.

JAPANESE HOP

An annual climber which grows with great rapidity; foliage similar to the common hop, but much larger. Desirable for covering verandas or summer-houses. Packet 10c.

NIGELLA

Love-in-a-mist, Fennel Flower, and Devil-in-a-bush, are some of the names of this plant. Foliage finely cut; flowers various shades of blue. Mixed Colors. Packet 5c; $\frac{1}{4}$ oz. 15c.

Mastodon Pansies

PANSIES

Mastodon Mixture—The very finest strain of Mastodon Pansies are included in this mixture. The flowers are of unusually large size and brilliantly colored, with the wonderfully frilled edges that so distinctly mark this class. Packet 25c; 1/16 oz. 85c; 1/8 oz. \$1.50.

Large-flowered Mixed—A splendid strain of Pansies only a little less desirable than our Mastodon mixture. Packet 15c; 1/16 oz. 50c; 1/8 oz. 75c.

PETUNIA

One of our most brilliant summer bedding plants. Seed may be sown in a carefully prepared bed or in boxes and the plants transplanted.

Single-flowered Bedding Mixed—Many named varieties. Packet 10c.

Rosy Morn—Carmine-pink, with white throat. Packet 10c.

Snowball—Almost snowy white; free blooming. Packet 10c.

Giant Ruffled—Mixed colors. Packet 25c.

POPPIES

Peony-flowered, Double, Mixed—Some of the blooms are so full and double that they resemble a peony. Colors include white, scarlet, crimson, maroon and others. Mixed colors. Packet 10c; 1/4 oz. 20c.

Shirley—Flowers single, in varying colors, including crimson, scarlet, light pink and rose. Packet 10c; 1/4 oz. 20c.

Single Mixed—Finest Varieties. Packet 5c; 1/4 oz. 20c.

Salpiglossis or Velvet Trumpet should be in every flower garden. In our opinion it is one of the very best for massing and house decoration; blooms early and all summer long. The delicate markings and colors attract the attention of all who see them. Separate colors, crimson and gold, dark scarlet, rose and gold, violet and gold, white and yellow, and yellow. Packet 15c.

Mixed Colors. Packet 10c.

MORNING GLORY

Convolvulus Major—The old-fashioned Climbing Morning Glory. A multitude of colors and shades are combined in the individual flowers. Packet 5c; 1 oz. 25c.

Imperial Japanese—Unusually beautiful in color and tints; flowers frequently 6 inches across. Packet 10c; 1/2 oz. 25c.

KOCHIA (Summer Cypress)

Tricophylla—An annual about three feet in height. Splendid for temporary Summer Hedges. Throughout the summer it is a lively green, but towards autumn turns to a bright red. It is of rounded form, with very fine foliage and stems. Packet 5c; 1/4 oz. 20c.

Dwarf Chrysanthemum Sunflower

SUNFLOWER

These varieties must not be confused with the common sunflowers. The plants will grow from 4 to 6 feet in height and produce many really beautiful flowers.

Dwarf Chrysanthemum Sunflower—About four feet high. Branches from the ground to the top of main stem; bears golden Chrysanthemum flowers, finely fringed. Should be planted in every garden or in between shrubbery. Packet 10c.

Mammoth Russian—Single-flowered, gigantic size. 1 oz. 10c; ½ lb. 20c; 1 lb. 30c; 10 lbs. or more, 25c per lb.

MOURNING BRIDE (Scabiosa)

Mourning Bride (Scabiosa)—An old-fashioned yet favorite flower. Blooms are borne on long stems and are of many colors, including scarlet, maroon, crimson, pink, white and yellow. Fine for cutting. Seeds grow rapidly in the open ground. Double varieties, mixed. Packet 10c.

TEN WEEKS STOCK

Popular for cut-flowers on account of their fragrance and rich colors. Seed sown in May will bloom in late summer and fall. Height 15 inches.

Large-flowering Dwarf, Mixed—Large spikes, double-flowers; seeds saved from selected plants. All colors mixed. Packet 10c.

Postage on Seeds prepaid on packet, oz. and lbs. except where otherwise noted.

COLUMBINE

Plants grow well in shady places. Flowers are borne on long, slender stems; plants from 2 to 3 feet in height.

Caerulea—Rocky Mountain Columbine. Flowers white and pale blue. Packet 10c.

Long-spurred Hybrids—Includes all the best and brightest colors and many new beautiful shades. Packet 15c.

Double Varieties, Mixed—Packet 10c.

BACHELOR'S BUTTON

Variously known as Bachelor's Button, Ragged Sailor, Blue Bottle and similar titles. Seeds grow very readily; plants take care of themselves and reproduce from season to season. Mixed Single and Double—Packet 5c.

Dwarf Nasturtium

NASTURTIIUM

The Dwarf Nasturtiums really are the garden's most brilliant flowers, including the shades of deepest red, fiery scarlet, rich gold, and brilliant yellow. Sow seed in the open ground where the plants are to bloom.

Dwarf Varieties in splendid mixture. Packet 5c; oz. 20c; ¼ lb. 60c.

CLIMBING NASTURTIIUMS

Many named varieties in splendid mixture. Packet 5c; oz. 20c; ¼ lb. 60c.

Sweet Pea Spencer
or Orchid Flowered

SPENCER ORCHID-FLOWERED SWEET PEAS

From the long list of Sweet Peas of this new and wonderful class, we have selected eight which in our judgment and experience are the best for garden. New kinds, will be added as they are produced. We recommend these eight varieties to you as the best of their color.

America—White ground, heavily flaked and striped with bright crimson-scarlet.

Asta Ohn—Charming soft lavender.

Captain of the Blues—Deep rich blue, with tinge of purple.

Countess Spencer—Clear, soft, rich pink.

Dobbie's Cream—Deep cream; leaves fluted and waved.

King Edward VII—Pure red. Very fine.

Constance Hinton—Pure white of enormous size.

Elfrida Pearson—Large, pale pink flower; young blooms have a distinct tint of buff.

Each of above—Packet 10c; ½ oz. 25c; 1 oz. 40c.

SPENCER ORCHID- FLOWERED MIXTURE

A very good way to see and learn about the many kinds and colors of this superb new Sweet Pea is to plant seed of our mixture. In it are practically all the hundred or more best named kinds in their colors and combinations. A packet or two will make a gorgeous display in your garden. All Colors Mixed—Packet 10c; ½ oz. 20c; 1 oz. 35c; ¼ lb. \$1.00; 1 lb. \$3.00.

Grandiflora Mixed—Includes only the best of the older varieties of Sweet Peas. Packet 5c; 1 oz. 15c; ¼ lb. 40c; 1 lb. \$1.40.

SALVIA—Scarlet Sage

The brilliant red flowers borne on long, stately spikes, standing well above the foliage and blooming until frost, give this plant a prominent place in every garden. Extensively planted in flower-beds and as a border plant. Seed should be started in boxes or under glass in February and March and transplanting done when all danger of frost is past.

Bonfire (Clara Bedman)—A compact-growing, early flowering Salvia 2 feet high and 2 feet in diameter, covered with long spikes of brilliant scarlet flowers that stand clear above the dense, dark green foliage and completely cover the plant. Packet 10c; ¼ oz. 50c.

Salvia Clara Bedman Bonfire

Splendens—The old favorite bedding variety. Scarlet flowers in great profusion on plants 3 ft. high. Pkt. 10c; ¼ oz. 40c.

Giant Double Zinnia

New Giant Double Zinnia

Picotee—A new Zinnia producing flowers 4 to 6 inches in diameter in the following colors: Yellow, Orange, Pink, and flesh. Each petal is tipped with dark chocolate or maroon. A very handsome Zinnia for bedding or for cut-flowers. All Colors Mixed, Packet 25c.

Giant Double Mixed—A distinct race of Giant Zinnia. Colors include all the shades of the Zinnias. Mixed colors Packet 15c; ¼ oz. 40c.

Curled and Crested, Mixed—An extra-fine strain of Zinnias, with petals curled and twisted in peculiar forms. Colors include all the shades of the Zinnias. Mixed colors. Packet 10c; ¼ oz. 35c.

Gaines, Mich. May 5, 1922

Mr. Allen L. Wood:
Rochester, N. Y.

Dear Sir:

Trees and shrubs arrived in fine shape, two days after shipment.

Many thanks for your promptness and fine stock you sent us.

(Signed) Mrs. Geo. W. Arms.

Seeds of Everlasting Flowers

STRAW-FLOWER or Helichrysum

Straw-Flower or Helichrysum—One of our best Everlasting flowers. The flowers should be picked as soon as they expand or a little before and hung up in small bunches so that the stems will dry straight. In this way they will retain both form and color for years, and make very desirable winter ornaments and bouquets for table decoration. Thin plants to one foot apart. See colored picture on inside back cover.

Fire Ball—Deep crimson. Packet 10c.

Golden Ball—Yellow. Packet 10c.

Silver Ball—Silvery white. Packet 10c.

Rose Queen—A beautiful shade of old rose. Packet 10c.

Strawflower

Salmon Queen—A pronounced shade of salmon-pink. Packet 10c.

Violet Queen—Deep violet. Packet 10c.

One packet each of above 6 colors, 50c; ¼ oz. 35c.

Mixed Colors. Packet 10c; ¼ oz. 25c.

FLOWERING PERENNIALS

Perennials usually bloom the second season from seed and are permanent thereafter. Year by year the plants grow larger and stronger; most of them are so hardy that they do not require protection during the winter. Seed may be sown outdoors in early spring or summer, or in a coldframe and later transplanted to the open ground.

COREOPSIS

Grandiflora—Bright golden flowers; first produced in June and continuing till frost. Plants 2 feet high. Packet 10c; $\frac{1}{4}$ oz. 50c.

DOUBLE DAISY

Seed of the English Daisy may be sown from June to August and will produce flowering plants for the following spring.

Longfellow—Extra-large, rose pink flowers, full double. Packet 10c.

Snowball—Flowers pure white, and full double. Packet 10c.

Mixed Colors. Packet 10c; $\frac{1}{16}$ oz. 40c.

DIGITALIS

Old-time favorites, and desirable for a background in the hardy garden. Flowers are bell-shaped and from 2 to 3 inches long. Mixed varieties and colors. Packet 10c.

CORNFLOWER ASTER

Cornflower—Will bloom the first year from seed; plants grow from 18 inches to 2 feet in height beginning to bloom in July and continuing until frost. Colors, blue and white, in mixture. Packet 10c.

HOLLYHOCK

These new Hollyhocks are a great improvement over the older sorts. Flowers full double; colors include pink, rose, scarlet, yellow, maroon, crimson and white. Packet 10c; $\frac{1}{4}$ oz. 50c.

Mixed Varieties and colors—Packet 10c; $\frac{1}{4}$ oz. 50c.

WALL FLOWERS

Seed sown early in the spring will produce blooming plants in early June. Flowers are of varying colors and exceedingly fragrant.

Single Varieties, Mixed. Packet 10c.

GYPSOPHILA PANICULATA

Baby's Breath—White flowers in July and August. Packet 10c.

PERENNIAL PEAS

The hardy flowering Peas will climb from 6 to 8 feet in a season. The flowers are borne in large clusters on long stems. Mixed colors. Packet 10c; $\frac{1}{4}$ oz. 25c.

SHASTA DAISY

Alaska—Everybody knows this plant, with its pure white flowers like the old field Daisy, but much larger. Packet 10c.

SWEET WILLIAM

Plants grow about 1 foot high and are especially desirable for massing or for a border in a bed of perennials.

Holborn Glory—Many shades of colors are included in these extra-large flowers. Packet 10c.

Single Varieties—Mixed colors. Packet 10c.

Double Varieties—Mixed Colors. Packet 10c.

POPPY

Iceland—Will blossom the first year, if the seed is sown in early spring. The flowers are about the size of the annual Poppy, and are produced from June to October.

Mixed Colors. Packet 10c.

Oriente—The brilliant "Oriental Poppy," with immense, flaming flowers of orange-scarlet. These impressive color-blotches are supreme among the prevailing greens of early spring. Packet 10c.

PRIMROSE

Seeds of the hardy Primrose can be sown in the open ground, but are slow in germinating and must be protected and shaded.

Auricula—Mixed colors. Packet 15c.

Elatior—Mixed colors. Packet 10c.

Vulgaria—The old familiar English Primrose. Packet 10c.

PYRETHRUM

Large, double, daisy-like flowers, 3 to 4 inches across; colors include rose, flesh, pink, white, crimson and others.

Double Varieties. Mixed colors. Packet 10c.

West Hoboken, N. J. April 18, 1922
Allen L. Wood,
Rochester, N. Y.

Dear Sir:

The fruit trees just received in first class condition and they are very fine.

Just a word in regards to the trees you have sent me for the past few years. I have never lost a tree and they are all bearing. They are a grand sight to see this spring as every tree is packed with blossoms. There is no better stock grown than yours.

Thanking you for shipping trees so promptly,

Yours truly,
(Signed) CHARLES E. BOMAN.
